ACCESS FOR THE HANDICAPPED. Jill Erwin, a senior at Granite City High School, although not handicapped herself, demonstrates the recently-installed wheelchair and handicap lift which now makes all areas of the high school accessible to all students, including those with physical handicaps. Viewing the demonstration Wednesday are Sonya Adkerson, special education counselor at the high school, and Assistant Principal Victor Buehler. The lift is in the vocational wing near the old cafeteria and runs on a special track from the first to second floors, up two flights of stairs.

Mehelic among candidates

An unexpected candidate on the April 2 ballot in Nameoki Township will be former Nameoki Township Highway Commissioner Frank Mehelic, who was ousted from the position following his conviction of official misconduct. He has filed a petition to return to his former post.

In addition, Mehelic's wife, Meiba Mehelic, also has filed for highway commissioner.

Contacted this morning, Mehelic

said that he is not planning to run against his wife for township highway commissioner. "So far, no. Both of us filed. One of us may withdraw." (Those persons filing petitions have until Jan. 31 to withdraw from their candidacies).

Mehelic lost the position of highway commissioner last October following a ruling by Madison County Associate Judge Edward C. Ferguson on a quo warranto (civil

rather than criminal) motion by the state's attorney's office.

Mehelic was convicted July 17 of one count of official misconduct for ordering township employees to do work on a personal car. He was sentenced in September to two years of probation, ordered to devote 200 hours to public service work and was fined \$500 plus court costs. He is free on a \$10,000 recognizance bond, but

Hearing on Lake as ETC site

By BILL WINTER
of the Press-Record

A complicated debate and vote at Monday night's Granite City School Board meeting removed Lake School from the auction block and made it the prime location for a daytime-only Education and Therapy Center (ETC).

Several on the board said they oppose placing an ETC in Logan

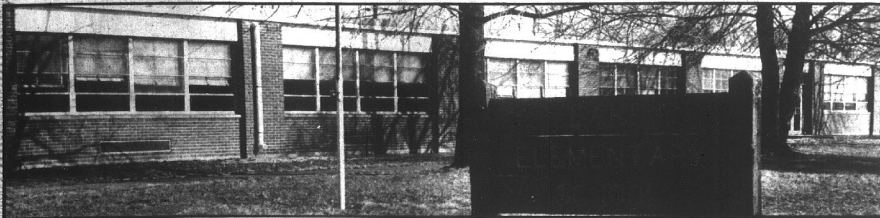

School. Lake, Logan and Nameoki schools currently are idle and Nameoki is the farthest from availability, having suffered extensive storm damage.

WHETHER A CENTER will be authorized for Lake School will be the subject of a public hearing and board meeting at 7 p.m. Thursday, Jan. 31, in the Coolidge Jr. High School cafeteria.

A 4-3 vote (Treas. David Partney, Ruth Lahr, Sec. Alan Crider and Thomas Miotky vs. Pres. Kelly Hogan, Dewey Melton and Monroe Worthen) was tallied, apparently authorizing public auctioning of Lake School for \$400,000 or more.

But on a later resolution—intended to instruct Madison County school trustees to proceed with the auc-

(Continued on Page 5)

FUTURE OF IDLE SCHOOLS like Lake (upper photo) and Logan (lower photo) remains unclear. The school board voted 4-3 Monday to sell Lake at an auction but a fifth affirmative vote was needed to proceed, due to a two-thirds rule. Lake now seems likely to be leased to the Madison County Education and Therapy Center, subject to a public hearing Jan. 31 at Coolidge Junior High. A daytime-only ETC program is proposed for 41 children aged 9-17 with behavioral or learning disabilities; 21 of the 41 live in the Quad-City area. Serving a decreasing enrollment, School District Nine operates 12 schools and has sold the others except for three elementary buildings, Lake, Logan and storm-damaged Nameoki. Logan, 2400 W. 25th St., and Lake, 3201 E. 23rd St., have identical basic designs. In addition, Lake has a special education wing.

Explosion rocks Shell

One worker is dead and seven injured in a large explosion at the Shell Oil Co. refinery in Roxana, Wednesday afternoon.

The explosion was believed to have been caused by a propane leak about 3:50 p.m. Wednesday. Seven persons were reported injured, including two who sustained serious burns. Mark Cain, 27, of Alton, and Larry Burns, 25, of Collinsville, were taken by helicopter to the burn unit of St. John's Mercy Medical Center in West St. Louis County.

BURNS SUFFERED second and third degree burns on his face, abdomen and hands and Cain had second-degree burns on his face and hands and suffered a dislocated arm, officials said.

Others injured included: Bill Goetten, 30, of Jerseyville, who suffered severe cuts to his hand and was

released after treatment at Wood River Township Hospital; Harold Hawkins, 52, of East Alton, who suffered second and third degree burns on his face and hands and was admitted to Wood River Township Hospital; John Schurvan, 28, of Maryland Heights, Mo., who suffered second and third degree burns on his face and hands and was taken to DePaul Health Center in St. Louis; Daniel L. Schroeder, 33, of East Alton, who was admitted to Alton Memorial Hospital; and Ronald Heltinger, 42, of Livingston, Ill., who suffered two broken legs and multiple cuts and was admitted to the Wood River Township Hospital for surgery.

The explosion destroyed a tank and area where petroleum products are refined into lubricating oils through a process described as "dewaxing and de-asphalting."

THE REFINERY'S 50-man fire department declined outside fire-fighting help and said it had the blaze under control within one hour, but decided to let it burn itself out overnight.

There was concern while the fire was out of control that one of several propane tanks near the tank that burned might explode. There were several minor explosions before the fire was brought under control, but no major explosions.

Don Baker, Shell's manager of community relations for the Midwest, said that the name of the man who was killed is being withheld until positive identification can be made. He said he believes the body is that of the missing man since everyone else has been accounted for. He said he hopes to receive positive identification of the victim by early afternoon.

Council rejects cable hike

By SUSAN SIGNAIGO-WEICH
of the Press-Record

Granite City aldermen present Tuesday night, unanimously rejected a proposal that would have allowed South-Western Cable TV, Ltd., to increase the fee for basic service by \$1 a month.

Although there was little discussion on the rejection, council members previously cited sporadic reception during bad weather as a major complaint with the company. Stephen Saltich, chairman of the ad-hoc committee for cable television, said his group had met to discuss the matter during the past week.

EVEN THOUGH the council rejected the \$1 increase, the cable company is still allowed a 5 percent increase (40 cents) as of March 1. The company is allowed the increase due to a new provision in the Cable Telecommunications Act of 1984.

Lon Carruth, general manager of the cable company, said Wednesday that he was "not entirely surprised" by the council action. "We may as well face facts, the last meeting we had with the council did not go well," he said. "We felt there was going to be a problem."

Carruth did say, however, that he was disappointed that he had not been notified of the cable ad hoc committee's meeting. He also said he was concerned that he had not been told that the increase proposal would be voted on Tuesday night. "I would have liked to be present to at least defend the company," he said.

HE SAID THAT, despite the rejection of the proposal, he still plans to do everything he can to improve the television reception in the area and to open up the lines of communication between himself and the aldermen. "That was a commitment I made to the board—win, lose or draw," he said.

Carruth said he sent a letter to Mayor Paul Schuler last week which asks that the aldermen select 10 residents from the city who would participate in random monitoring of the cable service. He said that he plans to conduct the sampling during the month of February.

"If we don't hear back from the mayor before Jan. 25, however, we will make random selections ourselves, so we will have enough time to get the program set up by

Feb. 1," Carruth said.

HE SAID HE feels it is his company's responsibility to carry through on its promises. "The subscribers should not be penalized because of the actions taken by their elected officials," Carruth said. "And I'm sure the elected officials voted based on what they felt was the feeling of their constituents."

Carruth said that neither will rejection of the proposed hike affect his pledge to reinstate the TV channel guide to the subscribers. Whether or not the rejection will affect a plan to add two more channels to the basic service still has not been decided, however, according to Carruth. He said the company had not expected the council to make a decision so quickly on the proposal, therefore company officials have not decided how they will handle the matter.

CARRUTH ADDED that the proposed 75-cent increase for each of the premium channels will go into effect May 1, with the 40-cent increase allowed on the basic. The council does not have the power to regulate the fees for premium channels.

Venice crime blockers active

By VALERIE EVENDEN
of the Press-Record

"We are very proud of it and we're getting good cooperation from the people," Venice Police Chief Farris Smith said Tuesday night, discussing the community's successful new Crime Blocker program.

More than 500 Venice residents have enrolled in the citizens' involvement project, which is designed to aid police in blocking crime. All those registered have completed with the necessary requirements to be active participants, it was learned.

"BURGLARIES ARE DOWN, now that we've got a few people off the streets and we arrested one guy just last week and put him away," Chief Smith said, crediting the Crime Blockers with helping to reduce the number of burglaries.

"We're still having a few problems with auto thefts, but we hope to clear that up soon," the police chief added.

The Venice police dispatcher on duty Tuesday night said she had

taken two calls within a short period of time during her shift from Crime Blocker members who reported suspicious incidents were occurring.

"WE'RE GETTING a lot of calls from people who see something suspicious taking place and we send an officer out right away to check," she said.

Crime Blockers are assigned a special identification number and their calls are given priority clearance for immediate response, it was noted.

Key leaders in the citizens' involvement project, Mrs. Pamela Wilson, Mrs. Lois Wilson and Mrs. Dorothy Griggs, attended Tuesday night's meeting of the Venice City

Council and were applauded for their efforts by Mayor Tyrone Echols.

"They have done a grand job and have enrolled about 500 people in the program and we thank them for their efforts," the mayor said to the aldermen.

He also expressed the hope that the three women would continue to help this spring in a proposed community-wide "clean up and paint up" program.

THE VENICE CRIME Blocker project now has been renamed "Neighborhood Watch" to conform to a national program with a larger scope that includes Crime Blockers

Refunds offered to some who purchased annuity plan

Attorney General Neil F. Hartigan has announced that Columbia National Life Insurance Company has agreed in Federal District Court to offer refunds to Illinoisans who purchased annuity insurance policies under Columbia's "Endowment at 88 Plan." At one point, Columbia had written nearly \$1.9 million worth of business in Illinois.

The insurance company entered into a consent decree in United States District Court, this month. The Agreement, Hartigan said, was reached in cooperation with the Illinois Department of Insurance after the attorney general filed suit against Columbia last August.

The attorney general's lawsuit charged that Columbia's independent sales agents misrepresented the nature and value of annuity insurance policies issued pursuant to Columbia's "Endowment at 88 Plan."

Columbia has denied the allegations but agreed to pay a \$76,000 stipulated judgment to the state of Illinois and an additional \$75,000 to reimburse the state for the costs of the lawsuit and the investigation of its marketing practices.

Representatives of the attorney general's office pointed out that Columbia was forthright in its willingness to settle with the State. It was also disclosed that Columbia has agreed to assist the attorney general's office in its ongoing investigation of the misleading sales tactics employed in the presentation of Columbia's "Endowment at 88 Plan."

The consent decree also provides for the following:

—Columbia will offer a complete refund of all premiums collected in the state on the sale of its so-called

"Endowment at 88 Plan," along with 11 percent interest compounded annually from the time the individual policies were sold to the date of the refund check. Columbia has already refunded a portion of the nearly \$1.9 million in premiums which it obtained from Illinois policyholders.

—With one exception, individuals who may have previously received refunds will be automatically eligible for the 11 percent interest refund during the period their plans were in force.

—Columbia will assist the Illinois Department of Insurance in reviewing the conduct of all agents who sold in Illinois the disputed "Endowment at 88 Plan," and already has terminated the authority of those agents to sell Columbia's policies or products in this state.

—Columbia further agreed to submit for approval all new sales plans

and policies to the Illinois Department of Insurance in advance of their marketing.

The court will retain jurisdiction over the case, and the resulting agreements to assure that enforcement is carried out.

Hartigan said that Illinois residents who purchased the so-called "Endowment at 88 Plan" will receive personal letters allowing them to participate in the refund agreement by electing to keep their present plans or seek a full refund of purchase price, plus 11 percent interest, for the period the policy was held.

Opportunities for women to be workshop topic

Young women in 10th, 11th and 12th grades in area high schools have been invited to attend a workshop at Ranken Technical Institute, 4431 Finney Ave., St. Louis, from 9 a.m. to noon Tuesday, Feb. 12.

According to Dean of Students Debra McPeak, "This will be an opportunity for the participants to talk to successful women in trade and technical fields, and learn how they are advancing in these areas. So many times, women limit their choice of careers because they are unable to receive information on what is available. Today's woman can keep her options open for trade and technical careers by selecting math, science and writing courses in high school."

The session will commence with a keynote address by Zane E. Barnes, chairman of the board, president and chief executive officer of Southwestern Bell Telephone Company.

The participants will then break into three workshops led by Lisa Drew-Alton, registered architect with Mackey and Associates; Judy Weigert, senior personal specialist representative for Digital Equipment Corporation; and a panel of Ranken graduates, including Sharon Klaus of Shell Oil Company, Mari Haskins of Monsanto Company, Karen Mayo of McDonnell-Douglas Corporation and Kathleen Paule of Digital Equipment Corporation.

The workshop also includes a tour of Ranken classes. The session will conclude with lunch.

Guidance counselors and student councils in high schools within a 100-mile radius of Ranken have been informed of the workshop and will make reservations for interested students. Due to limited capacity, reservations will be accepted in the order received.

Students desiring further information should contact Debra McPeak or Donna Stagner at 314-437-3723.

Guilty plea by Pamela Polite

A guilty plea was submitted Monday by Mrs. Pamela Polite, 35, Granite City, at the U.S. District Court in East St. Louis. No date was set for sentencing.

In response to her plea on a 1984 conspiracy charge related to an auto insurance fraud scheme, the U.S. attorney's office dropped a mail fraud charge. It will recommend five years' probation.

Mrs. Polite and her husband, William J. Polite, 41, were charged with trying to defraud Country Mutual Insurance Co. of about \$6,000 by falsely reporting theft of her 1983 Lincoln Continental.

He pleaded guilty this month to conspiracy and mail fraud in the auto scheme and to using a hand grenade to bomb the office building of Operating Engineers Local 820 on Engineers Road in Mitchell. A prison sentence of 15 years and three months is to be recommended for him.

Grief support group to hold 6 meetings

A grief support group entitled "Creative Living After a Loss" will begin meeting on Tuesday, Jan. 29, from 4 p.m. till 6 p.m. at the Cottonwood Rehabilitation and Outpatient Services Building 3, located at 4 Cottonwood Road, Edwardsville. This group is for those who have experienced a loss such as the death of a loved one, divorce or separation, or unemployment.

Information regarding the grief process and normal and abnormal reactions will be shared along with the skills needed to aid a person in making healthy adjustments. The group will meet each Tuesday for six weeks and the seminars are free and open to the public, according to Hospice of Madison County, 798-3399.

Wolf chairman of House panel

State Representative Sam W. Wolf, Granite City Democrat, has been named chairman of the Committee on Personnel and Pensions, it was announced this week by Illinois House Speaker Michael J. Madigan.

Wolf also has been appointed to the Transportation and Motor Vehicles Committee, the Financial Institutions Committee, the Elections Committee and the Select Committee on Small Business.

The assignments are for the 84th General Assembly, which began its two-year session this month.

James 5:17 . . . "Elijah was a man subject to like passions as we are, and he prayed earnestly."

It is almost unbelievable how God's outstanding men in the Bible were only men. They were tempted as you and I are tempted. They had trials and tribulations just as we do. Still they accomplished great things for their Lord.

Or Elijah it is written that he prayed earnestly, no foolishness. There should always be a business attitude about our prayer life. Whether we have a need or whether we just want to worship God in prayer, we should be very serious as we approach Him.

The effectual fervent prayer of a righteous man availeth much. We may be surprised at how much we can accomplish for God by praying earnestly.

Pray. Today.

Lottery determines ballot placement

A lottery drawing at the Granite City Clerk's Office this morning, resulted with Von Dee Cruse, Granite City Township assessor, winning the first position on the April ballot for the mayor's race. The names of 17 candidates who filed simultaneously on Jan. 14, the first filing date, were drawn by Madison County Circuit Judge George Moran Jr.

Cruse's name will be followed by Paul Ray Bowler, then the incumbent, Paul Schuler. The other two mayoral candidates were not among those names drawn this morning, but Edward Jelf's name will appear fourth on the ballot, followed by Mac Warfield. This positioning was

determined by the times of the filings.

THE LOTTERY DID NOT affect the races for city clerk, city treasurer or Fifth Ward alderman, since only the incumbents filed for the election. The races will involve Robert W. Stevens, Nick Petrillo and Jake Varadani, respectively.

In the First Ward, incumbent Casmer Skubish's name will appear first on the ballot, followed by Charles W. Hamilton and then William A. Dalton.

The incumbents will also appear first in the Second Ward race, with Fred "Pat" Schuman Jr.'s name being followed by Harlan L. Dickey.

IN THE THIRD WARD, Beverly

Schutzenhofer's name will appear first in the aldermanic race. Her name will be followed by the incumbent's, Carl Kittel, and then by Brett L. Hanke.

Robert D. Bell, will appear at the top of the list for candidates for Fourth Ward alderman. His name will be followed by Sharon Perjak, the incumbent, and then Robert Maiottili.

In the Sixth Ward, Stephen C. Sattich's name will appear at the top of the list. Sattich's name, incidentally, was the first name picked during the lottery by Judge Moran. He will be followed on the ballot by Judy J. Whitaker and then Donald E. Keeling Sr.

FIRST ON THE LIST for Seventh Ward alderman will be John "Jeff" Worthen. His name will be followed by Donald Stucke and Peter G. Kraus will be listed last.

In the Granite City Township drawings, Earl W. Tucker will appear first on the ballot for township assessor. He will be followed by Darlene Laub and then Fred W. Painter.

Nelson Hagnauer is the only candidate for township supervisor.

ALLEGES VIOLATION OF TAVERN CLOSING HOURS James W. Woodrome, 51, of 267 Sunny Shores Mobile Home Park, a bartender at Ken's Lounge, 1539 E. 20th St., was charged with violating the tavern closing hours when arrested at the lounge at 5:28 a.m. Wednesday.

Police checked the premises due to complaints of the tavern opening early. Three patrons allegedly were at the bar and were advised to leave, reports said. Woodrome was released upon posting a \$52 cash bond.

GC council okays raises for three city officials

In three motions, Granite City aldermen present Tuesday night unanimously approved an ad hoc committee set up to review the salaries of city officials that will be involved in the April election.

THE COMMITTEES' findings showed that these positions, three of the most important offices in the city, appeared rather low on a list of salary rankings. The increase will bring the mayor's salary up to the fifth highest in the city and the clerk's and treasurer's salaries up to the 22nd and 23rd positions on the list.

The mayor's salary will increase from \$28,000 to \$30,800 in May of 1985 and then will rise again to \$33,600 in May of 1987.

The mayor also receives a call allowance and expense account, which amounts to \$250 a month. He also is paid \$1,000 a year for his duties as liquor commissioner.

THE CITY clerk's and treasurer's salaries will rise from \$25,000 to \$27,500 in May of 1985 and then will rise again in May of 1987 to \$30,000. The ad hoc committee still is expected to make a recommendation on the salary of the township assessor. The position currently pays \$25,000.

Village officials invited to briefing on GM plant

By SUSANNE INDELICATO
of the Press-Record

Members of the Pontoon Beach Village Board were invited to attend a briefing on a series of meetings to seek input from communities interested in proposing a site for General Motors' new Saturn automobile manufacturing facility.

During a village board meeting Tuesday, trustees were told that the meetings, scheduled for yesterday in Chicago, Springfield and Carbondale, will provide an opportunity for local officials to meet with GM representatives to discuss possible sites for the proposed plants.

THOSE PERSONS unable to attend the meetings were urged to attend a briefing at 6 p.m. yesterday at the Madison County Courthouse in Edwardsville with Madison County officials who attended the earlier sessions with GM representatives.

Local officials who have site proposals must present them to the Illinois Department of Commerce and Community Affairs (DCCA) by Tuesday, Jan. 29, it was noted. Saturn, the first new GM division since 1918, is being promoted as an entirely new concept in automobile manufacturing. The Saturn facility is expected employ 6,000 persons, encompass four-million to five-million square feet and require a site of at least 400 acres. GM officials also want close access to a railroad and have ruled out any location on a flood plain, including Granite City, but other Madison County sites may be considered.

PONTOON BEACH Village Board members gave no indication Tuesday as to whether they might submit a site proposal to the DCCA.

In other action, the board agreed to issue a business license to David M. Anderson, a Granite City policeman, and James Cooper for a bait and tackle store at 4090 Pontoon Road, in the Gaslight Shopping Center. The store is to be named "All Seasons Bait and Tackle."

The board also agreed to advertise for bids for a new police car. Trustee Robert Abel noted, "We just want to get bids out, and see what we can buy one for."

THE BOARD ALSO received a letter of thanks from Chouteau Township Supervisor Walter "Dick" Sparks for the village's agreeing to allow the township to borrow \$14,500 from Community Development discretionary funds.

Sparks contacted area officials seeking permission to borrow the money so that a drainage project along Lakeview Drive may be completed this year. He indicated that all local officials in District 2 have agreed to the loan, expect for Madison and Granite City officials.

Sparks plans to pay the loan back to the discretionary fund with the township's allotted amount for next year.

Should the loan be denied, Sparks said, the drainage project will have to be put aside until the township receives more funds.

United Way tried to be fair

Only the federal government can continually spend more than it takes in.

That sad reality was realized this year as the United Way, still rejoicing from a campaign which netted 102 percent of its goal, but still found that it had to cut allocations to several of its member agencies, some drastically.

The reason is that a surplus from previous years has been tapped. There is no more to spend. In the year 1984, the United Way spent \$120,000 more than it took in, further reducing the reserves accumulated in years prior to 1982.

The UW board wisely made a decision to allocate aid for the member agencies at a level equal to revenues. The result was that, after administration, there was only \$30,000 to distribute to the agencies in 1985, a severe cut of about \$90,000 from the \$120,000 distributed in 1984.

Some agencies were hard hit. The Red Cross was cut by \$20,000. The YMCA will get nearly \$19,500 less than last year, nearly wiping out the benefit of the \$20,000 sustaining drive just completed. The Girl Scouts were cut nearly 45 percent, receiving \$16,000 less in 1985 than in 1984. In all, 10 agencies suffered cuts while allocations were increased for five agencies and the amount of support for the Boy Scouts was unchanged.

The reasons for the cuts were generally sound. Agencies providing emergency, life-sustaining services got the highest priority. Rehabilitation services followed, trailed by enrichment-prevention-education programs and, finally, recreational and social services.

The low priority for recreation was the main reason the YMCA took such a cut. The agency was just pulling itself up by the bootstraps and did not need a blow to the head at this time, but, from all in-

dications, will survive and continue to improve.

The Girl Scouts were cut because they were having a particularly good year financially and were about to receive additional funds for selling their Glen Carbon office, which is no longer in use. It is unfortunate that they were punished for doing such a good job of raising money and keeping the council in good financial condition, but the Budget and Allocations Committee of the United Way just felt the other agencies had more pressing needs for the money in these trying times.

Certainly, some people are not going to be happy with the allocation decisions made by the United Way. We just hope those who are not happy will not turn their backs on the United Way. The allocation process involved more citizens than ever before and was a long and painstaking one for them.

Any group of humans getting together and making decisions are going to make human decisions, and those frequently include unfairness and errors. Still, it would be difficult to find a more fair or democratic way to make the decisions on which agencies receive more money and which receive less.

The United Way is reviewing the allocation process used this year in hopes of further refining it and making it fairer. Anyone with ideas on how to improve the system is being encouraged to express their ideas to any UW volunteer or worker.

We should stand behind the United Way. It's not perfect, but it serves a definite need and is working hard to do that job as well as possible with the community resources it has.

Those who are able to offer additional financial support for the agencies whose funding was cut are encouraged to do so. It is not only a good tax deduction, but it just might make you feel good inside.

Urges a campaign to protect VA benefits

To the Editor:

This letter is in reference to a proposed cut in veterans' benefits, in order to lessen the national deficit.

I cannot believe the President or either side of the House would even consider such a proposal, but neither could I believe what they have done to Melvin Price.

He is a great man, in my opinion. A man elected by the people who had dedicated his whole life and his career to the people who elected him.

Many of us who still remember the desolate, cheerless years of World War II, also will remember the windows in the homes in Granite City. Each star in those windows represented a loved one absent. A veteran away from home serving his country.

When we had received word that one of these men was missing or we had a problem too great for us to work out, we turned to Melvin Price. He answered every letter.

Our problems seemed smaller just knowing he knew about them.

In return, we the people have elected him, and have kept him in office for many years.

We had no voice in what they did to him, but we do have a voice in keeping these budget cutters from slicing away at our veterans' benefits in order to lessen the national deficit.

This budget cut would mean breaking the promises America

made to the widows and orphans of those who were killed or the ones who were disabled in her defense.

Is it the American way to reduce the means of survival to our veterans and their families and make them pay again?

They have already, millions of them, paid the supreme sacrifice. They have given their lives.

We Americans are a compassionate people, whose hearts go out to the suffering in other countries, but I ask you, is it American to reduce the means of survival to our veterans or survivors in order to do

this?

I firmly believe charity begins at home. Initiate letter writing and phone call campaigns to your elected officials in the House of Representatives and Senate.

Write to the President, and respectfully, but strongly, register your protest from now through March 15. The congressional decision will be made by that date on the VA budget.

Pets need care in the cold

To the Editor:

The Association for the Protection of Animals is receiving numerous complaints about dogs kept outside with inadequate shelter. The Public should be aware that there are state laws concerning providing animals with sufficient shelter, especially during the winter weather, and persons not complying with this law, can be issued a citation or taken to court.

Any dog kept outside for long periods of time, or all the time, should be provided with a dog house covered with waterproof material. The house should be raised sufficiently above the ground so that water cannot get inside. Straw is a very good bedding, as it provides

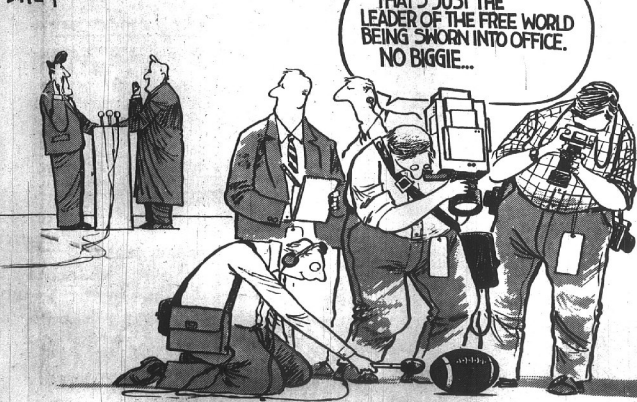

warmth. During freezing weather, water should be given to animals several times a day, as water freezes within minutes. A dog that must be chained should have enough chain in order to run back and forth and exercise so as to keep up its circulation in the cold weather.

Outside cats also must be provided with shelter from cold and/or rain and snow.

Pet owners, please remember, your pet (especially the chained dog) is entirely dependent on you to care for him and provide for his needs.

Student searches

These people at Granite City High School were asked their reactions about the U.S. Supreme Court ruling last week that public school officials have the right to search students if they have "reasonable cause" to suspect the student is, or has, broken the law or school rules. Their personal opinions follow.

VICTOR BUEHLER

JILL ERWIN

Victor Buehler, assistant principal GCIS

"It doesn't have much effect because we thought we had the right to search students if there was cause to believe that something jeopardizing the safety of the other students, in the area of drugs and weapons, was involved. We have a duty to maintain the safety of the students while they are on the campus."

Jill Erwin, GCIS senior

"I think it's very good. I think they should be able to search the students. It protects everyone. It's not fair to everyone else if someone has drugs or weapons. School isn't the place for those kinds of things."

Jeff Cline, GCIS senior

"I never like the idea of being searched by teachers, but if I had to make the choice, I'd rather have a (school) monitor or a cop to do the search rather than a teacher or administrator. If someone saw two people exchanging a dollar bill, even if it was just a loan for lunch or something, it could be mistaken for a drug deal or something, and they'd have 'reasonable cause.' I think they should have proof before a search is made. I don't agree with the ruling."

Jeff Easley, GCIS junior

"I think it would be OK if the search was done by proper authorities, like the police, and if they were sure what they were looking for. I don't think they should be able to search anyone without having proof of what they're looking for."

Street Dept. workers deserve praise too

To the Editor:

We have read several articles on how well our fire and police departments handled the fire at Belleme. This is all well and good, but don't forget the other services performed by other people.

By all the praise that has been put on the fire and police department's, you would think they could walk on

water.

Sure, they did a wonderful job, but isn't that what they are getting paid to do?

I have yet to hear praise for the men of the street department who, in all kinds of weather and all hours, go out and work in goo when a sewer break occurs.

Who spreads sand and salt around

town when weather is bad so people can get from place to place?

You say a fireman risks his life in fighting fires, true, but remember a street department's members' life and health when he is working on a sewer break in all of your junk.

Tax compliance falling; amnesty proposed

To the Editor:

The federal budget deficit in fiscal year 1984 was an appalling \$175 billion and the latest estimate for the fiscal 1985 deficit is even worse - \$205 billion.

There are a lot of reasons for our budget crisis. One very important reason that has not received anywhere near the attention it deserves has to do with tax compliance levels.

In 1981, the most recent year for which comprehensive data is available, federal tax collections were more than \$81 billion below what they would have been if every taxpayer had paid his or her legal tax obligations.

Furthermore, since the deficit was \$77.9 billion that year, 100 percent compliance would have resulted in a federal budget surplus, instead of a deficit, and would have permitted an actual reduction in the national debt.

Our tax collection system in the past was able to rely on voluntary compliance with tax laws, but that voluntary compliance is breaking down.

According to the Internal Revenue Service, there is currently about 80 percent compliance overall among individuals and about 90 percent compliance for corporations.

The Service believes that the compliance rate for individuals is falling by about 0.2 percent per year. That may not seem like a large number, but over time, and given the size of the U.S. economy, it represents a real problem.

Individual states that have had compliance problems similar to those experienced at the national level have undertaken a number of efforts to deal with this matter, and

perhaps the most innovative of those is tax amnesty.

Eight states, including Illinois, have tried amnesty periods.

While the state amnesty programs differed in their approach, they did have one thing in common: they were successful. Illinois collections exceeded \$150 million.

Because I believe a national tax amnesty program could be effective and ought to be tried, I have introduced the Federal Tax Delinquency Act of 1985.

The bill establishes a six-month amnesty period which would cover all tax years through 1983 still eligible for collection efforts by the IRS - which can go back seven years.

The amnesty itself would be simple and straightforward. It would include amnesty from criminal and civil penalties and from 50 percent of any interest penalty owed.

All federal taxes would be covered by the amnesty, not just the federal income tax.

The amnesty provisions are generous and provide a substantial incentive for taxpayers to take advantage of the amnesty period. However, the bill does not just rely on "carrots." It also contains a couple of substantial "sticks."

First, it increases all tax-related civil and criminal penalties, including money fines and jail terms, by 50 percent, for any tax year beginning with 1984.

A comprehensive re-examination of our tax laws, designed to restore the fairness that many taxpayers believe has been lost, is necessary to restore the kind of voluntary compliance that the United States has been used to and to which our country is entitled.

Amnesty will benefit the honest taxpayer, because it will bring in additional revenue that could help lessen the need for further tax increases.

It is my firm hope that we can begin to hold hearings and full deliberations on this matter in the near future and pass it into law before the end of the 99th Congress.

QUESTIONS FAIRNESS OF COUNTY NEWS CONFERENCE

To the Editor:

Norman J. Weber reporting. Both the Alton Telegraph and the St. Louis Post-Dispatch, several days ago, reported that Special Prosecutor (Bruce) Locher requested that the Barton case be removed from the jurisdiction of judges in Madison and St. Clair counties, and others, because of their prejudice for Barton. Locher specified these charges.

Is this not of interest to your Granite City and Collinsville papers who several years ago printed every noun and adjective to present the Cuto-Verticchio allegations against hometown Don Weber?

The Alton Telegraph gave this a banner headline on their front page. I am sure you could get a copy.

Or is Don Weber only of local interest when he is bamboozled and defamed?

Promotion of Pat Allen is announced at American Heritage meeting

Pat A. Allen, formerly internal control clerk for American Heritage Bank of Granite City, was promoted to auditor, Robert H. Karandjeff, the bank's executive vice president, made the announcement at the stockholders' meeting.

Mrs. Allen, a Granite City resident, is a former school teacher who taught both in Granite City and Belleville.

She has two sons and has been active in local business and civic activities. Currently, she is taking specialized courses at the American Institute of Banking.

Officers re-elected were: Henry D. Karandjeff, chairman and president; Robert Henry Karandjeff, executive vice president; William R. Smith, vice president; R. Scott Mount, vice president and cashier; and Helen Mangoff, Darlene Palovich and Charlotte McBride, assistant cashiers.

Directors re-elected were Ernest R. Bickhaus, Kenneth K. Clark, Frank J. Draganich, Paul G. Halbert, Roger A. Higgins, Henry D. Karandjeff, Robert Henry Karandjeff, Robert H. Karandjeff, and Robert H. Karandjeff.

Jeff, Paul H. Kelly and Kiro Vasiloff. Karandjeff stated, "We believe we have found the correct formula for being a successful community bank. First of all, we recognize the needs of the community and adjust our banking practices to fulfill those needs. Secondly, we have made ourselves a part of the community. We are not just a bank offering financial services, but a viable segment of the community. Our employees live in the area and are encouraged to participate in local activities."

He elaborated on the concept of the hometown independent bank. "Independent banking is a vital and essential part of the American enterprise system. Directors and officers of the independent bank are folks with a whole-hearted interest in the prosperity and well-being of the area they serve. They have a real stake in its future. They know its conditions and needs intimately. It is their home."

"A good portion of depositors' funds is invested in the communities

PAT ALLEN
Bank's auditor

the independent bank serves—in sound loans to the individuals and businesses of its banking area. You can do business directly with the officers of the hometown independent bank. There is no problem of decisions made from written records sent to a home office somewhere else. Whether you deposit or borrow or use some of our many other banking services, you benefit by dealing with your hometown independent bank," Karandjeff said.

"You can help preserve independent banking—and the free enterprise system—by taking an interest in state and national banking legislation and by talking to or writing your representatives in the state and national legislatures. And, of course, you, your family and your business benefit by using the services of your hometown independent bank to your fullest advantage."

"As a result of expansion through holding companies, mergers and branching, over 55 percent of the country's bank deposits are held by 1 percent of the banks. This concentration is increasing at a rate threatening to our whole free enterprise structure."

"Funds of the large branch banking or holding company operation are often siphoned from the branches or merged banks to the central headquarters. There they may be invested in larger and more profitable loans. Loan policies for all communities are established at headquarters, often far-distant from the borrower."

"Predominantly, the hometown independent bank makes its loans in its own banking area. You can talk directly to the officers who make the loan decisions. By adhering to this business practice, we think the future for American Heritage Bank looks very bright," he added.

Karandjeff praised the employees and directors of the bank for their efforts in helping the bank to enjoy another exceptional year. He also praised the bank's customers and the community for their continued support and loyalty. This resulted in the bank being listed as the 25th largest bank in total assets in Madison County. The survey was prepared by Southern Illinois University at Edwardsville.

He pointed out that American Heritage Bank had, during the year, a growth of more than \$4 million in total assets, more than \$4 million in total deposits and \$811,000 in capital funds.

He went on to project that 1985 should be an equally prosperous and successful year.

New innovations are being explored to make banking at American Heritage even more convenient and enjoyable, he said. Karandjeff gave as an example the "American Bank 24-Hour Automated Teller" which went into operation during 1984 and received immediate acceptance from the bank's customers.

In mentioning the bank's 25th Anniversary, which was celebrated in 1984, he pointed out how it has grown from assets of \$1,087,000 in 1959 and ended 1984 with assets of \$42,870,000, with \$21,500,000 of this growth occurring since 1979. He pointed out that in this highly competitive financial market that could be considered as outstanding growth, maintaining high liquidity while not sacrificing profitability for the bank.

New National Food Store to open Jan. 30

National Super Markets, Inc., will open its newest supermarket at Nameoki Road and Madison Avenue at 9 a.m. Wednesday, Jan. 30. "National Super Markets, Inc. wishes to extend its warmest greetings to the residents of the Granite City area and to invite all to participate in the grand opening," said Gary Grieshaber, store manager.

"The new National, a 46,237-square-foot supermarket, will offer the customers an exciting and new shopping experience. This brightly-lit store features wide aisles that lead to many new departments, such as a produce department, with a large display of fresh and imported produce, a delicatessen featuring zesty sausages and cheeses, a full bakery, a floral department, a prescription drug

department, as well as a huge selection of brand name groceries, dairy and frozen food items," Frieshaber said.

Also, the new store will have a department of bulk food, the new way to shop without packaging costs. "With bulk foods you buy only the amount you need and save. The meat department will include a wide variety of USDA choice and USDA prime meats, smoked meats and a freezer meal department. One of the most exciting new departments of the new National will be the fresh fish department, with a great selection of ocean fish fresh daily," he added.

Additionally, the new store includes a full line party goods, greeting cards, and general merchandise. The customer service center will offer check cashing, pay-

ment of utility bills and the purchase of money orders.

New checkout stands use the most up-to-date price scanning equipment.

Regular store hours will be 7:30 a.m. to 10 p.m. Mondays through Saturday, and 9 a.m. to 6 p.m. Sundays.

Grieshaber, also was manager of the original National Super Market, which was demolished last week. His management team will be Assistant Manager Paul Wurth and Steve Agnew, Head Cashier Judy Gore, Service Manager Rick Stephenson, Produce Manager Jim Robinson, Deli Manager Rachelle Bridwell, Bulk Manager Pat Halbe, Bakery

Manager Mary Coulter, Meat Manager Danny Haas, Pharmacy Manager Carl Otis, Kare Manager Doris LeRoy, Dairy Manager Larry Hagen, Frozen Food Manager John Whittenburg and Floral Manager Sharon Lassen.

The Hastings & Chivetta, Clayton, Mo., architectural firm, designed the supermarket and Leo Wolf Company of Granite City was the builder. The all masonry building has a metal canopy. The interior makes extensive use of ceramic and quarry tile with pine board trim. The store is designed to conserve energy through the use of heat reclamation and a National Semi-Conductor Power Management System.

Vandalize vehicles

Several vehicles were the target of weekend vandalism, according to reports made to Granite City police. Debby Strain, 3844 Lake St., Pontoon Beach, said a pellet gun was fired at her 1971 Volkswagen, damaging the windshield while the car was in the parking area at Granite City High School.

A window was broken on a 1983 auto owned by Robyn David of Afton, Mo., while it was parked outside the home of a friend in the 2100 block of Benton Street.

Three tires were slashed on a 1975 station wagon when the vehicle was

parked at the Ingleside Tavern, 2265 Madison Ave. It was reported by Ida Schafer, a barmaid there.

A vandal smashed a window on the 1971 auto of Terri Armer, 1206 Kirkpatrick Homes, while the car was in a parking area in the 600 block of housing complex.

A knife apparently was used to cut four tires on the 1976 auto of Russell Pearman, 1706 Second St., Madison, he reported this week. The vehicle was parked in the 700 block of Kirkpatrick Homes when the damage occurred, he said.

Adolph Weiss, 3107 Colgate Drive, reported this week that a vandal threw a brick through the window of his AMC station wagon, parked at the dwelling.

Frigid weather fails to deter vehicle break-ins

The weekend's sub-zero temperatures failed to halt a rash of vehicle burglaries in Granite City, some of which involved the theft of large quantities of tools.

John Besserman, 2445 Center St., reported a burglar broke into a toolbox on the bed of his truck and stole tools valued in excess of \$785. The vehicle was parked in the driveway at the time.

Missing were a chain saw, two electric drills, two pipe wrenches, two slot saws, hammers, an extension cord, screwdrivers, a jigsaw, wrenches, saw blades and drill bits. A 1976 Ford van belonging to James Schwager, 2329 O'Hare Ave., parked in front of his home, was looted of tools valued at \$300, including pliers, a pipe wrench, an awl, nut drivers, wrenches and electric leak detector equipment. A complete inventory still was being compiled at the time of the report.

A vacuum pump and other equipment were among the items stolen from a 1982 Ford van owned by McFarland Heating Co. while the vehicle was parked outside the home of Steve Singleton, 23 Wilson Park Drive. A window vent was pried to gain access to the van's interior, reports noted. Equipment was being inventoried to determine the extent of the missing property.

A stereo, an equalizer and two ignition switches were taken from a 1968 Camaro owned by Bob Ford, 2444 Center St., which was parked in front of his residence.

Alan Lang of Pocahtontas, Ill., reported a 40-channel CB radio worth \$120 and a musical horn were stolen from his 1983 Jeep while the vehicle was parked in the Granite City Steel lot at 16th Street and Madison Avenue.

Items were being inventoried by Grace Apponey, 2823 Palmer Ave., who reported two vehicles at her residence were burglarized this week.

Missing from a camping trailer parked in the yard were a 12-inch television, a radio and an electric razor. A padlock on the rear door of a Ford van, also at the dwelling, had been pried off to gain entry, she said.

Kevin Robbins of Hamel, Ill., reported his 1976 Pontiac was burglarized and \$16 worth of gasoline was siphoned from the vehicle while parked in a driveway at 2810 E. 25th St.

Among the missing items were a radar detection device valued at \$245, a total of 36 eight-track tapes worth \$360, a tape carrying case valued at \$12 and a set of screwdrivers worth \$15.

APARTMENT BURGLARY

Five pool sticks, four rings and \$30 cash were missing after a weekend burglary at the apartment of Darlene Miller, 2003 Washington Ave. Entry was gained by removing a window pane.

HUD releases \$33 million for small cities

Governor James R. Thompson has announced that an allocation of more than \$33 million has been granted by the U.S. Department of Housing and Urban Affairs in federal Fiscal 1985 to aid Illinois' small cities through the Community Development Assistance Program (CDAP).

"These block grant dollars from HUD have enabled Illinois communities to fund scores of projects which have put thousands of people to work and improved the living conditions of many others," the governor said. "HUD's announcement of Illinois' share will ensure continued economic development through a program that has become a key tool in our job creation efforts."

The CDAP program is administered for Illinois' small cities, defined by HUD as those of 50,000 population or less, by the Department of Commerce and Community Affairs. Twenty-nine Illinois cities and six urban counties receive block grants directly from HUD.

Illinois' FY 85 allocation for small cities is \$33,375,000. The FY 84 allocation was \$33,015,000.

"Since becoming the administrator of the program in mid-1981 DCCA has awarded more than \$100 million in grants to communities to fund economic development projects, as well as improve

public housing and public facilities," DCCA Director Michael T. Woelfer said. "Local officials anxiously await each year's allocation because they know just how much economic good can be generated through the program."

CDAP funds are distributed as follows: —Economic development: Four times each year, communities compete for funding of projects within their jurisdictions. Grants are made directly to local units of government which loan the funds to businesses hoping to expand or relocate in their jurisdictions. Approximately \$10 million was designated for this phase of the CDAP in Fiscal 1984.

—Public facilities: Once each year, communities compete for funds to improve public facilities such as sewer and water systems and to bring low-income housing up to minimum standards. Approximately \$12 million was allocated by DCCA in fiscal 1984.

—Set aside: DCCA sets aside a portion of CDAP funds to help communities take advantage of unique economic development opportunities or deal with natural disasters. Grants are awarded on a first-come, first-served basis until funds are exhausted. Approximately \$7 million was allocated to this phase in fiscal 1984.

—Fixed-rate financing: This phase of the CDAP makes dollars available to local governments for loans to area businesses at fixed, below-market rates. Businesses combine the federal dollars with bank loans guaranteed by the U.S. Small Business Administration. About \$2 million was available in Fiscal 1984.

—Central business district development: Funds are allocated to communities for development and improvements in local downtown business districts. Approximately \$1 million was allotted for this phase in Fiscal 1984.

DCCA retains about \$1 million to cover administrative costs of the CDAP in Illinois. "The DCCA staff now will submit guidelines to HUD which explain how the funds will be spent in Illinois," Woelfer said. "A timetable for expenditures will be announced soon and public hearings held to inform community leaders of the application process."

In federal Fiscal 1984, applications for first round economic development grants were due at DCCA in April. Applications for the public facilities phase were due in July.

Drawing will determine the Madison ballot

A drawing to determine the placement of the two slates of Madison candidates on the April 2 ballot will take place at 9 a.m. Monday, Jan. 28, at the Madison City Hall.

This procedure will decide which party will appear first on the ballot—the Madison Improvement Party, headed by Thomas S. Gordon for mayor, or the New Life Party, on which John Bellcoff will be a candidate for mayor. Both parties filed simultaneously when the city clerk's office opened Jan. 14.

After-school care program provided

The Tri-City Area YMCA is providing an after-school child care program for children in grades kindergarten through sixth. The "Y" will pick up children from school and bring them directly to the program.

YMCA officials say participating children will be involved in organized games, arts and crafts, music and other learning-oriented activities under adult supervision. Parents can pick up their children after work until 6 p.m.

The fee is \$18 per child for non-members, \$12 for participating members and \$6 for physical members. Further information is available at the YMCA, 876-7200.

A HAPPY ENDING. A sad story on KMOX radio had a happy ending. Several days before Christmas, 4-year-old Amy Moebes of South St. Louis was shopping with her aunt for presents for her parents when someone stole her Cabbage Patch doll from her shopping cart. She was very upset and cried and cried, but finally comforted herself by saying, "Maybe Santa Clause will bring another Cabbage Patch Doll for Christmas." Paul Sedko, president of Madison County Federal Savings and Loan heard the story on radio and called the reporter at KMOX, offering to donate one of the dolls being used in his firm's Cabbage Patch doll promotion. Amy's aunt then brought her to Madison County Federal to receive the doll. Amy is shown with Sedko and her new doll.

Motorcycle pushed into side of train

Gilbert Caver, 47, of 1401 Kirkpatrick Homes, was injured at 2:10 a.m. Wednesday when his motorcycle was pushed into the side of an ore car in a train crossing Edwardsville Road near 14th Street.

Caver was taken by Granite City ambulance to St. Elizabeth Medical Center and was admitted for treatment.

According to reports, Caver was sitting on his northbound cycle waiting for an eight-car train, pulled by two engines, to clear the crossing when a 1983 pickup truck struck the motorcycle's rear, shoving the machine into the moving train.

The driver of the pickup then left the scene, it was alleged.

Enroute to the accident, a Granite City police sergeant saw a parked pickup with a man inspecting the vehicle in the 1600 block of Kennedy Drive, Madison.

The man, later identified as Martin E. Hatfield, 39, of 3301 Country Place Lane, attempted to hide on the floorboard of the truck, it was alleged. A Madison officer and the Granite City sergeant spotted the man, who allegedly admitted that he possibly had hit a train.

Hatfield agreed to take a breathalyzer test and was charged with driving under the influence of alcohol, leaving the scene of an accident with an injury and failure to reduce speed to avoid an accident.

The Illinois Terminal Railroad train's engineer was Russell Kuhn. Hatfield was released after posting a 102 cash bond, pending a court hearing.

For Spring Season

Velloff is named Warrior girls' soccer coach

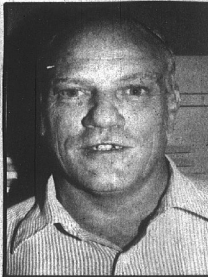

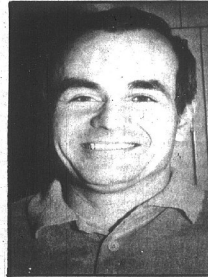

By ALAN L. GERSTENECKER
Sports Editor
of the Press-Record

GRANITE CITY — Acting on the recommendation of Joe Fedora, the school district's assistant administrator for athletics and physical education, Community Unit School District Nine approved the hiring of three coaches Monday night. The hirings fill the remaining varsity coaching vacancies at the high school for the rest of the school year.

Of the three hirings — two girls' soccer and the other for softball — one is a head coach's position while two were assistants. All appointments are for this spring.

Hired as the Warriors' first girls' soccer coach ever is Mike Velloff, 44, a fifth grade teacher at Prather Elementary School. Velloff, whose interest in soccer began 13 years ago when his son began playing, has been an assistant to Joe Gentile at Alton Marquette for the past five seasons. He has also coached girls' basketball at Marquette.

Velloff, who's been with the district 21 years, will have noted Granite City soccer enthusiast Haig Nighohossian as his assistant. Nighohossian, 38, is perhaps one of the most knowledgeable soccer people in Granite City. A teacher of advanced chemistry and mathematics at East

St. Louis Senior High, he currently officiates both high school and college-level soccer games. He is also a member of the Illinois High School Association's (IHSA) Rules Interpretation Committee.

THE THIRD hiring was that of John Hutchings, a sixth-grade teacher at

Prather Elementary currently assistant basketball coach at the high school. Hutchings, 42, will assist head softball coach Jim Davis this spring and fills the assistantship vacated by Gus Lignoul.

Hutchings, whose daughter Kathy will be a senior on this year's squad,

ing a few of my insights to game as well," Hutchings said.

UNLIKE the established softball program, the fledgling girls' soccer team and its new coaches have a few more things to iron out before the season begins — like first-season goals.

"I've given the position a lot of thought," Velloff said Wednesday afternoon from his desk at Prather School. "Anytime you're developing a new program it's going to be a little difficult in the beginning. But Granite City is a soccer town and that should help. I'm just taking a wait-and-see kind of attitude."

"I can't make any promises to anyone about what kind of team we're going to have. All I can say is that we're going to go out and give it a 150 percent. This first year all we want to do is establish the program. One step at a time," Velloff said.

ONE THING in Velloff's favor is the interest in soccer in Granite City. GCHS is beginning a girls' soccer program not because school board members anticipated the need and desire for a team, but rather they know the need exists.

Last spring, about the time Collinsville High had fielded its first girls' soccer team, Fedora was besieged with requests by parents

for a similar team here in Granite City. Fedora studied the feasibility of such a team and found that there are enough teams in the area to compete so, a year later the Warriors will field their first team. According to Velloff, the Warriors' tentative soccer schedule will include as many as 16 contests.

"I'M REALLY excited about it," explained Nighohossian Wednesday. "When I was in school I was kind of in a unique situation. We played a lot of soccer, mostly on club teams. It wasn't until I got to college that I actually represented a school. Nowadays, these kids are probably twice as good as I was then because of their soccer experience."

Nighohossian is a 1964 graduate of Granite City High who later lettered four years at MacMurray College in Jacksonville.

Nighohossian's soccer experience is a commodity for the fledgling team, Velloff said.

"I've never met Haig, but I know of him. I'll be relying on his talents quite a bit. It's sounds as though I'm quite lucky to have him as an assistant," Velloff said.

"With Haig's help and if we get the support of the parents, we'll win some games. It's crucial to get the parents' support."

GCHS jayvee cagers great in their own right

By ALAN L. GERSTENECKER
Sports Editor
of the Press-Record

GRANITE CITY — Leading the Southwestern Conference with a 4-0 slate while posting a 10-5 record overall, Granite City High School's varsity basketball team has been in the news. They're a team to be reckoned with.

Not only have the Warriors been constant topics in this paper, but the local cagers are catching headlines in the St. Louis metropolitan dailies as well.

But as much success as the varsity Warriors are having this season, their junior varsity counterparts are having an equally successful season. With last Friday's 50-point 91-41

shellacking of the Hillsboro Hiltoppers, the jayvee Warriors are 7-2 on the season.

"WE'VE GOT a very fine basketball team here," explained jayvee coach Jack Parker after the Warriors whipped Hillsboro.

"We've got quickness, speed, height, fine passers and shooters. If you were to make a shopping list of everything you wanted in a basketball team your list would consist of what we have here. We've got some smart ball players. It's gonna take a good team to beat us," Parker said.

So what about those two losses? Parker has an answer for that.

"WE LOST to Madison in our first game of the season. We really

weren't ready for that one. And against Belleville East, well, that went to double overtime. We got into some foul trouble and they managed to pull it out in the OT. We should've won that one, but Belleville East is a fine ball club."

Jayvee victories this season have come against Belleville West, Cahokia, Wood River, Collinsville, East St. Louis, Roxana and Hillsboro.

Parker said his team is better organized now than it was when they lost those two games. Better organized because each player understands his role on the squad and because they've played together

more than they had when they lost those two.

THROUGH nine games the jayvee Warriors have amassed 657 points to their opponents' 507. Despite two losses, the Warriors have outscored their opponents on the average of 73-56.

The jayvee's greatest win, Parker said, was his team's 84-66 victory over East St. Louis two weeks ago. The jayvee Warriors were undefeated going into that game.

"That was our finest game," Parker said. "We simply outperformed them late in the game and took it away from them. People who saw the game felt me our fourth quarter was the best single quarter they've ever seen."

Indeed it could've been better. **AFTER** falling behind 18-10 after one quarter and still trailing 36-41 at the half, the Warriors took the lead in the third quarter, outscoring the Flyers 21-14.

Their fine third quarter only set the stage for what they had in store for the Flyers in the final stanza.

Paced by Tim and Jamie Hogan, twin brothers and the jayvee's answer to the varsity's Jeff and Joe Gray, the Warriors rolled up 32 fourth-quarter points to put the game out of the Flyers' reach, 84-66.

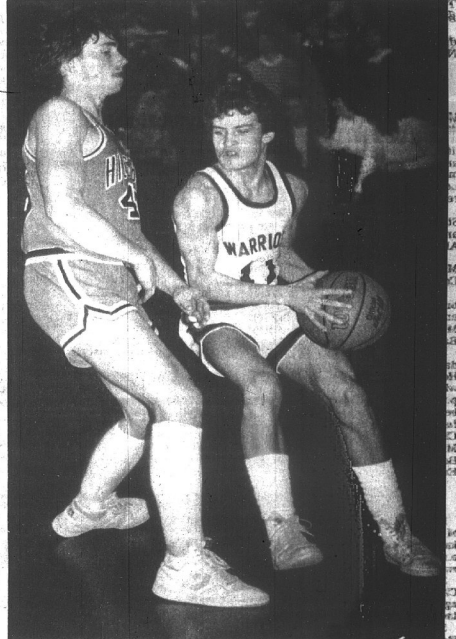

"It was as good a game as we've played all season. We shot the ball well, played good defense and played very smart, especially the Hogan boys," Parker said.

BOTH GUARDS, the Hogans are supported in the starting lineup by Chris Veizer, Dan Haug and Tom Taylor. Lately, however, because Taylor is suffering an ankle injury, Steve Shatz has been rounding out the starting five.

Against Hillsboro, Jamie Hogan led all scorers with 19 points while his brother poured in another 18. Their stellar performances came on a memorable day, their 16th birthday.

"They're a big part of my starting five, but with the kind of talent we've got we can substitute and give up very little," Parker said.

This Friday the jayvees take their next game to Alton on Friday and St. Jacob on Saturday. Jayvee action begins at 6:30 p.m. on Friday and 6:15 p.m. on Saturday.

TURNIN' THE CORNER. Granite City High School's Tim Hogan turns the corner on Hillsboro's Eric Hobie during last Friday night's non-conference varsity basketball game in Memorial Gymnasium. Hogan scored four points in the varsity contest and 18 in the jayvee game to help lift the Warriors to a sweep of the evening's twinbill.

Tactical maneuvers lift GCHS skaters to two victories

By JOE THOMPSON
of the Press-Record

GRANITE CITY — When the going gets tough, the tough generally rally around their toughest to get going.

So what did the Granite City High Warrior hockey team — which does not have a captain among its players — do when the going got a little sticky against a determined Francis Howell Monday night at the Wilson Park Ice Rink?

They did a march to the orders of their captain, who also doubles as their head coach, Garry Henson.

HENSON, along with assistant

coach Jerry Roderick, made a couple of tactical maneuvers that helped lift the Warriors out of a tight jam into a 7-4 victory before a large, loud and generally well-behaved crowd.

The Warriors also won Saturday, thrashing McCluer North, 10-1. The two victories raises the Warriors season record to 17-1, and keeps them in winning form for what might be one of their toughest games this season when CBC comes visiting next Monday.

It was tough going against Francis Howell. The Warriors found themselves trailing a minute and a

half into the contest when Francis Howell's, Chris Vollmer, sent a shot past Warrior keeper Tom Schneitke.

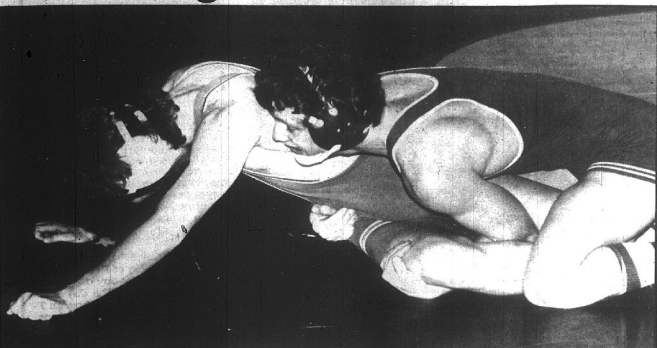

THE WARRIORS, behind for one of the few times this season, retaliated 54 seconds later on a goal by Matt Laub. He was assisted by Bill Moore and Steve Staglemeier.

Four minutes later, the Warriors forged into the lead when Dave Young scored. He was assisted by Todd Hinterser and Lee Schreiber.

That's the way the score remained through the first period. It was obvious then the Warriors had run into

Stallings named All-American

EDWARDSVILLE — Bill Stallings, the senior forward from Southern Illinois University at Edwardsville who collected a team-high 14 goals and five assists last year, has been selected by the National Soccer Coaches Association of America to the third team of the NCAA Division 1 All-American squad.

Stallings, who joined teammates Chris Hundelt and Steve Trittschuh on the All-Midwest Region team earlier this year, was one of four players from the Midwest Region selected to the All-American team.

Eastern Illinois University's Albert Adade was named as a first-team All-American, while Mark Francis of Southern Methodist University earned second-team recognition. John Bergeth of Northern Illinois University joined Stallings on the third team.

Stallings, who ended his SIUE career as the fifth leading scorer in Cougar History, tallied 39 goals and 12 assists. His career mark of 39

As a senior, Stallings was selected as the National Player of the Week by Soccer America Magazine and participated in the Dec. 22 Senior Bowl game at the University of Tampa.

In his four years at SIUE, Stallings led the Cougars to two NCAA-I National Tournament berths. He also played a key role in the Cougars' third-place finish in the 1982 championships, scoring eight goals and assisting on another goal. As a freshman, Stallings established himself as an offensive threat, collecting eight goals and three assists.

Get Fifth Win Cougars ground Quincy Hawks 59-51

By AL BARNES

for the Press-Record

EDWARDSVILLE — Kenny Stanley, Madison's contribution to a rebirth of basketball at Southern Illinois University at Edwardsville, put on a show at SIUE's beautiful new Vadalabene Gym Monday night which had the crowd on its collective feet throughout the Cougars' brilliant 59-51 victory over the Quincy College Hawks.

The slender Stanley again for the sixth time this season, paced all game scorers with 24 points. But, he also electrified the crowd in the game's final moment by stealing a loose ball and dribbling the length of the floor and then slam-dunked the ball through the hoop as the crowd literally went berserk with loud ap-

preclation.

It gave Coach Larry Graham and his SIUE cagers their fifth victory in 19 games. And was the fourth time in 16 games (over 15 years) that the Cougar cagers had been able to beat Quincy. In fact, Quincy College is almost as great in basketball down through the years as they have been in soccer. In the Hawks' past 38 seasons — since the end of World War II — the Hawks have posted 32 winning seasons. And, in their six losing campaigns, they have been only two games under .500 ball.

The Quincy coach, Sherrill Hanks, a Wood River native and who built an outstanding prep record at Alton High, is in his 10th season at Quincy. The loss engineered by Stanley over his Hawks dropped Hank's charges

to 7-12 for the season.

"It has been one of those crazy seasons," he said and added: "I take the blame ... I just can't come up with something to get my boys to play the kind of basketball they are capable of."

"However, I don't mean to take anything away from the SIU team. It's amazing, I think, to see Graham come up with such a fine group especially in his first year in the college ranks and considering, too, that you all (SIUE) didn't even have a team last year (1983-84) season."

At the start of the game, it looked like Quincy was going to blow the Cougars away as the Hawks zoomed out to a 10-2 lead in the first four minutes of play. The Hawks' early

sprints, ironically, was led by a former Cougar cager from Springfield, Ill., East High, Henry Felton, who transferred to Quincy after he had been chosen as the Cougars' Most Valuable Player his sophomore year at Edwardsville. And, also before SIUE dropped basketball.

Felton, who ended up with 10 points, was the victim of the Cougars' growing talent on the defense. Midway through the first half, Graham's gang started playing tough defense and permitted Stanley and his running mates to take off in scoring.

David Jones (10 points) and Damon Wilson (13 points) lent Stanley a timely hand in the Cougars' offensive. Leading rebounder for SIUE was Wilson with eight caroms. Graham, still experimenting to find his most efficient lineup, started Stanley, Jones, Wilson, Dwight Newsome and Mike Dillon. The burly Dillon, a Franklin Grove native, contributed six points and an equal number of rebounds, the latter coming mostly in the mid-section of the final half when the Cougars pulled away from Quincy. Newsome, who has led all SIUE point-makers to this juncture, pulled one shot which nearly equalled Stanley's crowd-pleasing slam-dunk. It was a driving down-and-under and back over and off the glass shot which had the crowd gasping in admiration.

Wood River's Steve Wooley is rapidly advancing toward a starter's assignment and is currently playing nearly 50 percent of each SIUE game. He's a fine dribbler and floor general. Another freshman, 6'4" Tony Purchas of Argo-Summit, logged about 15 minutes of playing time and also appears ready to make a bid for starting status.

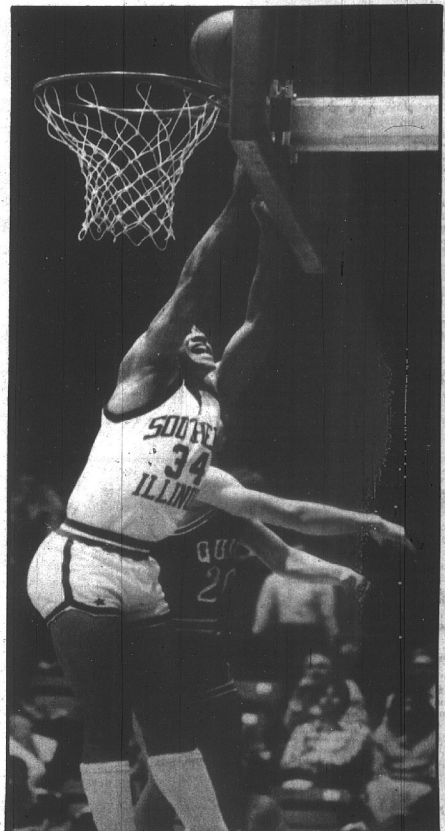

In addition to Felton, Quincy's scoring principals were by Clay Britton (15 points) and Tim Huseman (10 points).

SIUE will travel up to Quincy, Jan. 31, for the Cougars' next game.

Outdoor Corner For Turkeys Hunters may apply for permits

SPRINGFIELD — Illinois turkey hunters may apply February 4 through 15 for permits to hunt the state's largest and swiftest game bird during the traditional spring season, according to Jared Garver, Conservation Department turkey biologist.

One additional county will be open to turkey hunters this year, bringing to 17 the total in which wild turkey can be taken. The new area is Schuyler County in west central Illinois.

A total of 4,355 permits—3,325 for the regular 12-day season, April 24-May 5, and 830 for an abbreviated season extending over the last seven days of the full season, April 29-May 5,—will be available for the 1985 season.

Both archers and firearm hunters must apply for a permit using an of-

ficial 1985 permit application, Garver said. Application forms are available from any of the DOC Regional Offices at Sterling, Springfield, Carver, or Champaign or Benton; the DOC's Chicago Office, State of Illinois Center, Suite 4-300, 100 W. Randolph St., or the DOC Permit Office, 524 S. Second St., Springfield, IL 62706; phone (217) 732-7395.

"There'll be a computerized lottery conducted after Feb. 15 to allocate the 3,325 full season permits," Garver said. "To participate in the drawing, hunters have to complete the application in full and return it by the deadline to the Permit Office, along with a \$15 check or money order to cover the application fee."

The 830 half-season permits and any full-season permits remaining after the initial allocation will be issued on a first-come, first-served

basis beginning March 4, according to Garver. Applicants who are unsuccessful in the February drawing will be notified by mail in time for them to apply for a first-come first-served permit.

Permit applications that are incomplete will be returned to the applicant, Garver said. If more than one application is submitted by a single applicant, all applications will be rejected and the application fees will be forfeited.

Hunters may choose from a field of 14 hunting areas. Adams-Brown, Gallatin-Hardin, and Marshall-Putnam counties are "paired" as single "hunting area" choices. Following are the county and hunting area choices, along with the permit quotas for full-season and half-season permits, respectively:

Adams-Brown, 275 and 50; Alexander, 300 and 100; Calhoun 225 and 50; Gallatin-Hardin, 250 and 50; Jackson, 400 and 100; Jersey, 150 and 25; JoDaviess, 200 and 40; Marshall-Putnam, 100 and 25; Pike, 300 and 50; Pope 550 and 150; Saline, 100 and 25; Schuyler, 200 and 40; Union, 375 and 100; Williamson, 100 and 25.

Prospective turkey hunters are urged to make arrangements for a place to hunt, particularly in counties with little or no public hunting areas, before indicating a hunting area choice on their applications, Garver pointed out.

Hunting hours for the 1985 season will be from one half-hour before sunrise to noon, with a bag limit of one gobbler or bearded hen. A small percentage of hens, Garver noted, are bearded. Although the 1985 permit authorizes the hunter to use either bow-and-arrow or firearm, the permit holder may bag only one turkey. Shotgun hunters may use shotguns between 10 and 20 gauge, with shot sizes no larger than four nor smaller than 7½. Archers are restricted to using broadhead arrows for taking wild turkey.

Wild turkey hunting is an extremely demanding sport, Garver said. Even the most experienced and skillful hunters often come home empty handed.

Skaters

a red-hot goalkeeper in Nell Anderson. In those first 14 minutes, the Warriors launched 18 shots at Anderson, while facing just four.

LO AND BEHOLD. Francis Howell tied the contest, scoring early in the second period on a goal by Bill Sorter, who was assisted by Tom Crabtree and Vollmer.

It was one of the few times this season an opponent, after trailing the Warriors, had pulled even. Not for long, though. Schreiber scored less than four minutes later to again put the Warriors in front. Schreiber was assisted by Young and Terry Wade.

That's the way matters stood when Henson began pulling a few strings. The first thing he did was install Dave Yurkovich at the face off draw position. The Warriors had been getting beat on draws.

THE MANUEVER paid off — not

once but twice. The first time, Steve Stegmeyer was the benefactor. He scored on assists from Hinterser and Yurkovich to give the Warriors a 4-2 edge, which remained the score through the close of the second period.

The Warriors scored again early in the third period on a goal by Young, with the assist going to Wade. Yurkovich had won a draw. The other tactical change involved another rearrangement of personnel. The Warriors were penalized five times during the second period. For a five-minute stretch they played either one or two players down.

HENSON, on a suggestion by Roderick, rested a weary Hin terser, replacing him with Wade, a forward. It worked. Francis Howell was unable to capitalize. For the game, the Warriors out-shot Francis Howell, 44-14. They tied Francis Howell late in the game with goals by Yurkovich assisted

by Wade) and Bill Moore, who was aided by Schreiber and Young.

In assessing the victory, Henson appraised the Warriors' play the way Picasso might critique an art work.

"A little ragged tonight," Henson said.

BUT NOT so for the coaches. "The coaching staff made a couple of good moves," Henson said.

While the Warrior players may have been a little less than sharp, they ran into a buzz saw in Francis Howell. Not only did Henson heap praise on netminder Anderson, but also Vollmer, who finished with three goals.

"You have to give Francis Howell a whole bunch of credit," said Henson. "They skated as hard as anybody has against us."

But the ultimate praise went to the victors. "Granite City has got a great team. I like their team. I like their chances," said the cowboy-hatted Francis Howell coach John Baker, whose club dropped to 6-12-1 in perhaps its strongest showing of the season.

Henson has said before, and he was saying it again. "This team does not have the super talented players. We have 10, 11 very good hockey players."

"We don't need to rely on one person," he said. "We have a whole lot of players to rely on."

Yates bowls perfect game

You never think it's going to happen to you, and when it does, it's a feeling that can hardly be matched.

That's the way Larry Yates of Granite City felt on Monday just after bowling a perfect 300 game at Bowland.

Yates, 39, competing in the Monday Night Couples League for the Century 21 team, turned in the perfect game enroute to a series high of 661.

It was Yates' first perfect game.

Boys' Club seeks cager competition

The Boys' Club of St. Charles, Mo., is currently seeking eighth grade basketball teams in this area which would consider playing a game.

Persons wishing such a contest should contact Jim Prather at (314) 723-8218.

Bass Club seeks members

The Master Casters Bass Club of the Tri-Cities Area is seeking new members as it begins its 1985 fishing season.

Members are invited to attend a club meeting the first Tuesday of each month at 7 p.m.

Meetings include bass fishing seminars, movies and tournament drawings. A \$10 initial entry fee and \$3 monthly dues are required. Tournament entry fees are \$7.

Persons seeking further information about the Master Casters should call either John Moore at 877-8368 or Bob Hill at 876-0276.

The club has slated eight tournaments for 1985, beginning as early as March 17.

Gymnastic exhibition

A gymnastic exhibition is planned for Saturday, Feb. 16, at the Madison Memorial Center, according to its director, Shirley Greer.

The center, located at Seventh and Lee Streets, will sponsor the exhibition beginning at 7 p.m. Persons participating in the exhibition will be students of Greer's gymnastic class, ranging in age from 6 to 14 years.

K of C's host tourney

The Knights of Columbus Council 1098 will host its annual Free Throw Tournament on Saturday, Jan. 26, at the K of C Hall, 4225 Old Alton Road, formerly Johnson School.

Persons seeking further information should contact Steve Burdge, 877-0314.

GRANITE CITY CENTER ATHLETE of the WEEK

AL JOHNSON

Al Johnson was named the Granite City Center Athlete of the Week for January 14-20. The 6'11" freshman was selected on the basis of a strong performance against Lincolnland Community College in a tough 86-81 defeat.

Due to a manpower shortage, Johnson, normally a guard, moved inside to play the post position. Adjusting to the new position, he was able to score 28 points (22 in the second half) and pull down 9 rebounds.

Coach Terry Collins commented, "Al's play will be critical to our progress. He is going to have to play inside for us despite the height disadvantage. In this game he used his quickness and jumping ability to play tough defense and take good shots." This marks the second time the East St. Louis graduate has been so honored.

Chapter sets April patio sale

The service committee reported plans for an April patio sale at the monthly meeting of the Laureate Alpha Gamma Chapter of Beta Sigma Phi Sorority, hosted by Mrs. Jane Stevens, 3 Patricia Lane.

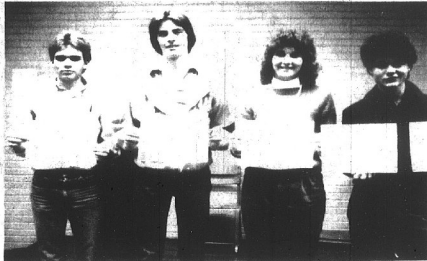

Vice President Lori Mae Lombardi presided at the business session. A letter from Viola Darion of International, concerning the progression of Juanita Calve was read as was a letter of appreciation from Delores Dorch for the chapter gift of a Beta Sigma Phi crystal tray on the 25th anniversary as a chapter member.

Other notes of appreciation came from senior friends in nursing homes for the Christmas cookie trays they received from the chapter. Members also accorded appreciation to Pat Tsigolafro for the handmade favors she made for the Christmas party of the group.

Mrs. Lombardi conducted the program on the popularity of the Trivia game at all levels and concluded with a report on the subject by David Strauss.

The hostess, assisted by the service committee, served a dessert course to those named and to Bea Brackett, Mrs. Calve, Mrs. Dorch, Martha Jean Dyer, Arlene Haldeman, and Evelyn Tolliver.

FINALISTS. Granite City High School finalists in the Shawnee College Speech Tournament are, from left, Greg Kessler, Adam Schneider, fifth place in oratorical declamation; Jenny Little, fourth place in humorous interpretation; and Jim Drago, first place in dramatic interpretation. Drago and Mike Salem also placed fourth in dramatic duet acting. The students were accompanied to the tournament by their coach, Ron Pennell.

Women's Division hears Betty Miles

The January dinner membership meeting of the Women's Division of the Tri-Cities Area Chamber of Commerce was held at the First Seasons Restaurant.

Fifty-two members and guests enjoyed dinner and were entertained by guest speaker Betty Miles, a local

psychic, whose appearance was arranged for by Program Chairman Sara Dempsey.

A business meeting was held to bring members up-to-date on the organization's activities. Christmas party chairman, Melanie McFarland reported on the success of the annual children's Christmas party. Mary Jesse, Beautification Chairman, reported on the committee's progress with various projects and indicated the Welcome to the Tri-Cities sign is finally in place.

Drusilla Andrews plans programs

The Drusilla Andrews Chapter of the National Society of the Daughters of the American Revolution met in the Chimney Room of Burns' Cafeteria for the January meeting.

Regent Sandra Wilkinson, opened the meeting assisted by Barbara Williams, acting chaplain. Joyce Taff read the President General's message and Jane Vanesler presented the monthly safety tip. Plans were completed for the annual Good Citizen Tea to be held at Niedringhaus Methodist Church on Sunday, Feb. 24th. The chapter members will participate in the DAR project called, "Liberty Love Day," a plan for helping to restore the Statue of Liberty.

Mrs. Vanesler, chairman of the nominating committee, presented the slate of officers for the upcoming election in March. Mrs. Wilkinson announced that the chapter will sponsor a genealogical workshop for the public on April 20th, with the time and place yet to be determined.

A program on Indian art was presented by Linda Koenig. The speaker explained the legend and history behind the Navaho art of sand painting. The Nightway, a nine day healing ceremony, was described in detail, with pictures, drawings and authentic Navaho sand paintings.

Also attending the meeting were Ella Ray Smith, and Florence Simpson.

Peace Causeway project topic of women's club

A slide program entitled, "Peace Causeway" which was held in Jamaica last year, was presented by Nona Corzilius at the monthly meeting of the Nameoki Women's Club, last week.

Mrs. Corzilius attended the event as a representative of Church Women United.

The meeting opened at noon in the Harold Brown Recreation Center with a dessert luncheon served by Bernadine Cooley, Marian Shelton and Blanche Blake. Tables were decorated in a Strawberry Shortcake motif.

Mrs. Ethel Beeler gave the invocation, Bernadine Cooley led the Pledge of Allegiance, and Mrs. Elsie Rodell, president, called the meeting to order.

A letter was read from the Federated Women's Clubs regarding "Celebrate Women" program designed to recognize outstanding women in the community. Also, a letter from Lou Brown, president of

GFWC-FMA in conjunction with a health program for member participation was read with another from the 22nd district requesting clubs to submit names of candidates for district offices to be elected for recording secretary and treasurer.

Other announcements included a 30-hour parliamentary procedure class, leadership program with awards for participation planned by the vice president, and a request from the art chairman of the state, Phyllis Cossarek, for all ages to join the Arts and Crafts Exhibit at the convention in Peoria, and the 13th annual speech communication camp for high school students.

During the session Mrs. Delores Allen was accepted as a new member. The club collected money in unison led by Mildred Branding and roll call registered 13 members present.

The next meeting on Feb. 20 will feature a book review, the president announced.

CHOUTEAU CITIZENS ELECT

The Chouteau Citizens Club, a non-partisan community oriented township group, met last week for its fifth annual meeting and election of officers for the upcoming year.

Officers elected were: president, Christine Wallace; vice president, Joe Stefanoff; secretary, Lee Pavis; and treasurer, Robert Douglas.

The club is planning to expand its membership this year.

Next regular monthly meeting is scheduled for Wednesday, Feb. 20. Citizens residing within Chouteau Township are being invited to attend.

The Hills Terrace Birthday Club met at the home of Juanita Barnes. Games were played and prizes were awarded to Opal Davis, Arlene Hickam and Marie Burris.

Others attending included Wanda Ogden, Judy Eaton, Mickey Fieldbrink, Jeri Schieb and Thelma Morelan. The next meeting will be held at the home of Opal Davis.

Miss Dorothy Mitchell of Yale Drive was hostess to the United Presbyterian Women of the Mitchell Presbyterian Church at her home.

A pot luck dinner was served by candlelight. The evening was spent at games.

Those attending were Delores Filkins, Emily Jones, Bettie Futch, Avalon Young, Iona Uhlan, Doris LaVelle, Fran Sterling, Lucy and Nancy Moors, Georgia Simpson, Josephine Noud, Eleanor Knight and the Rev. Linda Shugert.

Kutosky to retire as vocational teacher

Joseph A. Kutosky, 2963 Washington Ave., vocational machine shop teacher at Granite City High School, received approval Tuesday night to retire in June 1985. He previously planned to retire in June 1986.

Kutosky said, "It has been a pleasure and a very rewarding experience working in the district."

Robert V. Kehoe, Granite City, a teacher at the former Granite City High School North who was honorably dismissed due to School District Nine's staff reduction, resigned as of Jan. 14.

Kehoe was the varsity soccer coach and taught physical education.

He commented, "I thoroughly enjoyed my 10 years at North High School and was prepared to teach there until mandatory retirement, but that was not to be. I express my appreciation and thanks to Miss Barbara Kerch, Gib Walmsley, Bryan Wilkinson, the entire North coaching staff, the varsity soccer players and the many other colleagues and students who contributed to the countless good memories of North that I shall always treasure."

An illness leave of absence of Betty Roberts, a Parkway School middle intermediate grade teacher, was extended from Jan. 23 to Jan. 30.

The Board of Education hired Judy Andrews as a teacher assistant for special education at Parkway School.

Extracurricular vacancies were filled by naming Michael M. Velloff, a Prather Elementary School middle intermediate teacher, as varsity girls' soccer coach, a new program being added at Granite City High School; Haig Nighohossian, a teacher in another district, as GCHS girls' assistant soccer coach; and John L. Hutchings of Mitchell, a Prather School upper intermediate teacher, as girls' softball assistant coach at GCHS.

GC SENIORS' COUNCIL SETS EVENING OF GAMES

The Granite City Council of Senior Citizens will sponsor an evening of games for all senior residents, 55 years and over, Juanita Crawley, council president, announced this week.

The event will take place Tuesday, Jan. 29, from 7 p.m. until 10 p.m. at the Granite City Township Building, 2060 Delmar Ave.

No admission will be charged and light refreshments will be served. Transportation will be provided to the event by calling Mrs. Crawley at 877-7099.

Plan Job Fair for Handicapped

Plans are being completed for the sixth annual Job Fair for the Handicapped, scheduled April 19 at Engelbert Hall in Madison. It was announced this week.

Parents for Special Education and Region I Special Education District will again sponsor the fair and a representative of the Illinois Job Service is assisting with the planning phase.

Objective of the Job Fair for the Handicapped is to acquaint local business and industrial concerns to the potential of employing persons in the handicapped work force.

Physically or mentally handicapped job seekers also are invited to attend the fair.

Persons seeking employment, who have some form of disability, are encouraged to bring a resume with them and to be prepared to meet with employer representatives, the sponsors said.

Serving on the organizing committee are Dorothy Lijewski, Melba

Grady, Kay Hahne and Carolyn Smoot, president, all of the Parents for Special Education group; Stu Mills of Region I Special Education District; Robert Gagliano, Granite City High School; Ida Lacy, Madison High School, and Don Hagan of the Illinois Job Service.

Anyone in business or industry wishing to obtain additional information may call Mrs. Smoot, 931-2943, or Sonya at the Region I office, 876-6600.

The fair will take place from 9 a.m. until 1 p.m. Friday, April 19, at Engelbert Hall, 10th Street and Washington Avenue, Madison.

Special children's exhibit planned at historical museum

The Madison County Historical Society is planning a special exhibit at the county's Historical Museum, 715 N. Main St., Edwardsville. During March 1985, the society will display children's artwork depicting the history of Madison County.

Any school classes or individual students interested in the exhibit are asked to bring their original artwork about Madison County history to the museum in late February for display throughout March.

Society officials say the artwork may be done in any medium and may be about any person, place or event relative to the history of this county.

Several descriptive sentences should accompany each item, and the child's name, grade, school and school location are to be attached to each item.

The exhibit is scheduled for March 3 through 31. Artwork should be brought to the museum from Feb. 20 through Feb. 28 and may be picked up during the first week of April.

Ribbons will be awarded for excellence by category, according to grade in school: preschool, elementary (grades one through three), intermediate (grades four through six) and junior high (grades seven and eight).

Information about the history of Madison County is available in the museum's reference library and at the museum's souvenir counter. Further information may be obtained by calling the museum at 1-656-7562. The museum's hours are 9 a.m. to 4 p.m. Wednesdays, Thursdays and Fridays and 1 to 4 p.m. Sundays.

Housing for the elderly is topic

By CATHERINE R. MAUCK
Extension Adviser

Dr. Joseph Wysocki, University of Illinois family housing specialist, will teach a local leader session on "Housing as You Grow Older" at 9:30 a.m. on Tuesday, Jan. 29, at the Farm Bureau Auditorium, 900 Hillsboro (Route 157) in Edwardsville.

Dr. Wysocki will discuss adapting the home for mature living; housing questions we all need to ask ourselves as we get older, and, independent, semi-independent and dependent housing options. This seminar is planned as a training meeting for 50 Homemakers Extension Association lay teachers, but anyone interested is encouraged to attend.

The local leaders will repeat the information in a one-hour program for their Homemakers Extension

Association units in February. The class is sponsored by the University of Illinois Cooperative Extension Service as part of its adult education program in Madison County.

LEARN TO INVEST
"Strategies for Saving and Investing" will be taught by Homemakers Extension Association lay teachers at unit meetings next week. Dates include Thursday, January 24 for the Isabel Bevier Unit, at 7:30 p.m. at the home of Dorothy Cassy, 7 Wilson Park Drive.

Scandinavian tour is planned for July 20

Scandinavia's four countries, with their intriguing sights, are the itinerary for a summer overseas tour. Pastor and Mrs. Sam Boda announced today. The dates will be July 20 through Aug. 4.

Main attractions will be the capitals: Oslo, the Viking capital of Norway at the tip of a fjord; Stockholm, 'the Venice of the North,' built on 14 islands (and the largest and most cosmopolitan of Scandinavian cities); Copenhagen, the 'fairly tale capital,' and Helsinki, with a charm all its own. Rev. Boda explained.

In addition to in-depth tours of these capitals, the group will enjoy a cruise on a fjord steamer on one of Norway's fjords, and sight-seeing in

many other Scandinavian cities, such as Bergen, Karistad, Kinsarvik, and others.

This special itinerary was prepared by the Rev. Professor Elmer and Ruth Mathias, of Concord Seminary, St. Louis, who will serve as official hosts of the tour.

The final day will be spent at Copenhagen's "incomparable Tivoli Gardens," with a farewell dinner there that evening.

Phone the Bodas, local representatives for this tour, at 676-4559 or at 1-288-5683, for a detailed color brochure. Rev. and Mrs. Boda have led tours many times to Europe and to the Holy Land. For those interested, a trip to the Holy Land is possible on Nov. 17-18. Rev. Boda added.

Circle views travelogue

Pictorial views of sites in Tennessee, West Virginia, Washington, D.C., Las Vegas, Nev., Hollywood, Calif., Burbank, Calif., Colorado, Hawaii and Puerto Rico was the program presented by Mrs. Dorothy Wallace at the January meeting of

Lydia Circle of Namecki United Methodist Church.

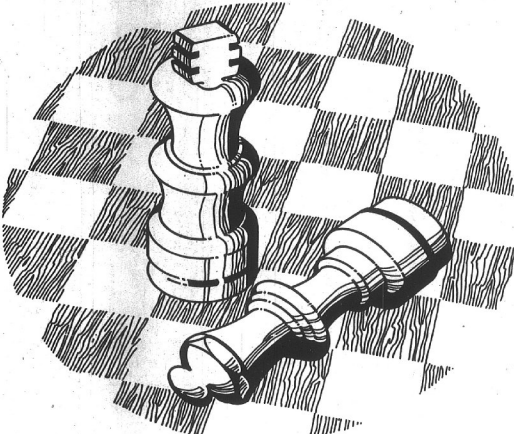

The group met in the home of Mrs. Wallace for the monthly session. After refreshments were served the President Mary Bailey opened the business segment. The secretary's report was read and the treasurer Mildred Hess collected pledge cards for 1985 and money. She also read a "thank you" note from the United Methodist Children's Home in Mount Vernon, Ill., for a gift given by the circle at Christmas.

Mrs. Bailey announced the circle members will host the United Methodist Women's meeting on March 11. She also noted the Feb. 21st session will be in the home of Dorothy Sinnott.

Mrs. Gladys Russell offered the closing prayer. Others attending were Dorothy Sinnott, Bess Ruckert, Marie Isenbarger, and a guest, Dorothy Luckert.

Dorcas Group plans nursing home party

Members of the Dorcas Group of Christian Women's Fellowship of Central Christian Church, met in the home of Mrs. Beth Spengler, group leader, and finalized plans for a birthday party to be given at Colonial Nursing Home.

The party will take place on Jan. 29 for residents of the nursing home. Other announcements included the Area CFW meeting that was held at Hamilton Christian Church on Tuesday, a spring retreat scheduled for March 8 and 9th at the Ryckman Conference Center where the theme will be "Finding Our Way to God."

Also, the CFW will host the ministers and wives dinner on March 18. Dorothea Riverburgh reported on the annual meeting and installation of the CWU and other reviews were on the group's home-bound members. They noted calls made, cards sent, daily devotions and number of books read during the preceding weeks.

Plans were also completed by the Dorcas Group to host the February general meeting.

Mrs. Myra Parrish presented the first lesson from the study book entitled, "Prayer A Way of Life," and the session concluded on The What, Why and When of Prayer.

A dessert course was served to Vanna Berkbigler, Lumeta Durbin, Evadean Perkins, Mrs. Parrish, Mildred Rees, Mrs. Riverburgh, Margaret Rutter, Fairy Montgomery and Helen Stone.

Concert set Sunday at Bethel AME Church

The Gospel Chorus of Bethel A.M.E. Church, 1035 Market St., will host a concert Sunday featuring The Cornerstone Institutional Baptist Church Concert Choir of St. Louis.

Better known as the Voices of Cornerstone, the musical group is directed by the Rev. Melvin Smotherson and they will perform at 6 p.m. in the church sanctuary, according to the Rev. John Q. Owens, church minister. Donald Keith Gill serves the church as minister of music.

The concert begins a series of monthly services at the church. Rev. Owens added. Vivian McHenry serves as chairman and Lillian Evans is president of the church organization planning public concerts at Bethel A.M.E.

Mrs. Linda Irwin gives Bible Study

Mrs. Linda Irwin presented a Bible study at the monthly meeting of the Lydia Circle, Christian Women's Fellowship of Central Christian Church.

Her topic was taken from the book of John and she concluded her presentation with the study and worship program.

Circle members gathered in the Terrace Room of the church with Lois Billbreay, circle leader, opening the session with the CFW prayer.

Announcements included the Area CFW board meeting at Hamilton Avenue Christian Church in St. Louis that was held Tuesday, a birthday party for residents of Colonial Haven Nursing Home on Jan. 28, and the Area CFW Assembly at the Centennial Christian Church, St. Louis, on Feb. 26.

Monies were collected for the regular offering and the CWU's Least Coin program.

The next meeting will be in the home of Joyce Rutledge at 7:30 p.m. on Feb. 16 with the study to be given by Mrs. Billbreay, worship by Geneva Butler on the continuing study of the book of John.

Mrs. Joyce Bennington, hostess for the evening, served refreshments to those named and to Joyce Rutledge, Helen Stumpe, Betty Kelso, Mildred Collins and Doris Edwards.

Den Three—David Nappler, Bear Badge.

The pack received a banner from Boy's Life for 100 percent participation for 1984, the cubmaster announced.

Son-Life to host weekend services

Son-Life Church, 1203 Vandalia St., Collinsville, will host a special weekend program featuring two speakers, according to the Rev. Dennis Amsden, host pastor.

The Rev. Lester Sumrall, founder of a world missionary organization, World Harvest Bible College, and WHIME radio station in South Bend, Ind., will speak at 7:30 p.m. Friday, Jan. 25.

He also is editor of World Harvest magazine, has authored over 50 books and his television programs are syndicated on satellite and cable systems across America, the Rev. Amsden reports.

On Sunday, Jan. 27, the Rev. Ray Mossholder will speak at the 10 a.m. service. He is heard Monday through Friday at 7:30 a.m. on radio station WCBW, and is well known for his Marriage Plus Seminars.

Party honors three at Sherman home

Mrs. Evelyn Thompson entertained a group of women at the home of Mrs. Millie Sherman to mark the birthdays of Mrs. Sherman, Lola Torrance and Mary Hanfelder, last week.

Lighted tapers in branched candelabra and birthday motifs decorated the table for the noon luncheon. Gifts were presented to the honorees and songs sung by all.

Guests attending were Nancy Barnes, Ruth Squires, Elsie Byrd, Doris Wood, Tom Limburg and John Sherman.

Program to honor Rainey Crawford

Rainey Crawford of Venice will be honored by the congregation of New Salem Baptist Church, 1349 Klein St., Venice, at an appreciation program Sunday.

Friends, church members and the general public are invited to attend the event, scheduled at 3:30 p.m. Sunday in the church, Lucille George and Julius Johnson Sr., co-chairmen, announced today.

"Brother Crawford is known for being faithful in his concern for his fellow man, both in the community and outside the area, and we ask everyone to join us as we show our appreciation," the chairman stated. The Rev. John Henry Williams is pastor of New Salem Baptist Church.

'Marketing the center' is goal of new GCC provost

Don Kassing of St. Louis has been named provost of Belleville Area College's Granite City Center. He brings a background in management and marketing in both industry and education to the position.

"I want to start by reaffirming the college's commitment to offer a quality education to residents of Granite City," said Kassing, who has taught at BAC for 10 years and served as coordinator of the marketing and management programs. "I want to let the community know we offer a low-cost, convenient program that leads to jobs."

"A MAJOR assignment I'll undertake is marketing the center," Kassing said. "I'll be getting the college involved in the economic development of Granite City. We'll identify the community's needs and then package programs and courses to meet those needs."

Kassing was named provost by a unanimous vote of the college's board of trustees at their January meeting.

In recommending Kassing to the board, BAC President Dr. Bruce R. Wissore said:

"DON WILL BRING something special to the administration. Many college presidents and administrators have academic and educational backgrounds. Very few are trained in management. Don is. In Granite City, it is very important to work with industry," Wissore continued. "Don has a business background in industry. He held a very responsible position with Brown Shoe Co. for eight years and before that, he worked for General

Motors."

Kassing said he is looking forward to the challenge of heading Granite City Center. "I'll really miss teaching, but I was ready for a change," Kassing said. "Through my work on college committees and as a program coordinator, I have been expanding into management functions in recent years."

WHEN KASSING first left industry to teach, he didn't realize it would become his career. "I've liked it so much I've stayed," he said. "This is a good place to work. We're lucky here because we're in a business where we really contribute to people's lives."

Kassing worked for Brown Shoe Co. from 1967 until coming to BAC in 1975. As General Merchandise Manager, he coordinated scheduling of 30 production plants and was responsible for annual sales of \$150 million.

During his three years with General Motors, Kassing assumed cost accounting and payroll-auditing responsibilities.

AS A BAC instructor, Kassing has taught personnel management, marketing, management, business statistics, small business management, advertising, management and business math.

His background in management and marketing programs increased 138 percent during the time Kassing served as coordinator for the programs. He was responsible for developing a Banking and Finance degree program in conjunction with the American Institute of Banking. Kassing has been appointed by Dr.

Wissore to serve on the college's Budget Steering Committee for the past four years and has served as a faculty representative to the Recruiting and Retention committees during the current school year.

HE HAS SERVED on the college's Curriculum Committee and the Faculty Senate. In 1984, he chaired the faculty negotiating committee. In that capacity, he was instrumental in developing a more positive relationship between the faculty union and the administration.

Kassing has served as a consultant to regional and national schools and businesses, including Webster University, Saunders College Publishing Co., Kent Publishing Co. and Scholl Corp.

He holds an undergraduate degree in economics and an MBA in marketing from St. Louis University. He completed graduate work in the social psychology of work organization at Washington University.

KASSING AND HIS wife, Amy, have three sons, Don, 18, Jeff, 17 and Brian, 10.

SIUE teacher named to Chemical Safety Task Force

Stephen K. Hall, professor of chemistry at Southern Illinois University at Edwardsville, has been named by Gov. James Thompson to serve on the chief executive's Chemical Safety Task Force. The announcement of Hall's appointment was made by Jeremy G. Margolis, Inspector General of Illinois.

Hall has done considerable research and writing on the effects of chemical reactions on human health, most recently in the areas of industrial asbestos and cigarette smoking. He has published extensively on his studies and findings.

A CERTIFIED industrial hygienist, he has dealt extensively with regulations and compliances of occupational health and safety. His work has been involved strongly with environmental concerns, and he has taught in the area of industrial toxicology. He served as the St. Louis director of the Harvard Air Pollution Health Study.

According to Margolis, the task force will have a three-fold mission: 1) to assess the readiness of Illinois to respond to chemical emergencies; 2) to evaluate the adequacy of existing safeguards for storage and prevention of uncontrolled releases of toxic chemicals and 3) to make appropriate legislative, regulatory, procedural and other recommendations.

The task force will consider information generated by members, as well as facility-specific findings from a series of chemical safety audits conducted by three teams of multi-state agency representatives.

THE TASK FORCE scheduled its initial meeting Tuesday, Jan. 22, from 10 a.m. to noon in the 16th floor conference room of the new State of Illinois Center, 100 West Randolph Street, Chicago. This will be a formal business meeting dealing with organizational and procedural concerns.

The two public meetings are currently set for Feb. 28, in Chicago in the Main Conference Room, Room 1900, Illinois Commerce Commission, 160 North LaSalle Street, and March 1, in Springfield in the City Council Chambers, Municipal Building, Room 301, 300 South 7th St. The hearings will run from 9 a.m. to 4:30 p.m.

By late March, the task force will prepare a report for the governor and the General Assembly. A native of Hong Kong, Professor Hall came to SIUE in 1969.

Video bowling clinic set at SIUE

The Office of Continuing Education at Southern Illinois University at Edwardsville will offer area residents the opportunity to improve their bowling skills through video instruction.

The course includes certified instruction in small groups, or individualized instruction. Participants will receive a video analysis of their game under American Bowling Tournament prescribed lane conditions and two hours of bowling.

AFTERNOON AND evening sessions can be arranged by appointment. Registration is \$25 for a single session, \$60 for a three-session program, and \$75 for a small group session.

Individuals who wish to have a personal copy of their bowling performance should bring along a VHS tape.

Additional information may be obtained by contacting Amalie Pedor, coordinator of non-credit activities in the SIUE Office of Continuing Education by calling 1-692-3210.

SIUE chorus open to new members

New members for the 1985 season of the Southern Illinois University at Edwardsville Community Chorus Society are now welcome, according to the university's director of choral activities, Leonard Van Camp.

An exciting season has been planned, with three concerts already on the schedule. On March 4, there will be a concert entitled "Old Testament in Song," at 8:15 p.m. in the Communications Building theater.

At Kell Auditorium in St. Louis on May 3, the Community Chorus Society will perform Beethoven's Ninth Symphony.

For further information, interested persons may contact Leonard Van Camp at 1-692-2024.

phony, at 8 p.m. The Scholarship Benefit Concert will offer two performances, on May 23 and May 24, at 8:15 p.m. in the Communications Building theater.

THE COMMUNITY Choral Society meets on Tuesday evenings from 7:30 to 9:30 p.m. in Room 1402 of Peck Classroom Building. Students may earn one hour of credit in Music 241. The Choral Society repertoire emphasizes the standard oratorio repertoire, Van Camp said.

For further information, interested persons may contact Leonard Van Camp at 1-692-2024.

Dance students to preview their work

A preview of the work of dance students at Southern Illinois University at Edwardsville will be featured Wednesday, Jan. 30, at 11:30 a.m. in the University Center during the "Center Stage" series.

The preview, entitled "Dance: In Concert," will be coordinated by Calvin Jarrell, and assistant professor in the department of theater and dance.

THE CENTER Stage series is sponsored by the University Center and the School of Fine Arts and Communications. It will continue weekly through March 6.

For more information, interested persons may contact Diane Simblin of Union Station at 1-692-2324.

Razing of abandoned rural buildings proposed by county

By JIM WOODCOCK

The Madison County Community Development office has turned in recommendations for spending part of the \$474,765 that remains from several federal programs the county has sponsored since 1981.

Cheryl Jouett, Community Development program director, told the County Board grants committee that the Department of Housing and Urban Development is requiring that the money be spent immediately or be reallocated.

Many of the projects planned for the excess money involve building rehabilitation and modifications.

The Community Development staff turned in the following recommendations on how to spend some of the \$474,765 surplus:

— \$40,766 for demolition and clearance of abandoned structures in unincorporated areas, a task to be handled by the county zoning and building staff.

— \$1,424 for purchasing communication equipment so that deaf, blind or other impaired persons can take advantage of public hearing opportunities.

— \$129,656 for housing rehabilitation grant and home weatherization activities. This amount would be supplemented by a \$460,000 grant from the state, Cheryl Jouett said.

One of the projects Community Development wants money set aside for from the \$129,656 is an access ramp for the handicapped into Annex II, which houses the county

highway and superintendent of education offices. The access ramp may cost \$35,000.

\$65,000 to the city of Alton for demolition and housing rehabilitation projects. In the past, Alton has waived its allocation of Community Development monies in order to make certain that smaller communities within its district were able to complete certain projects.

\$35,000 for purchase and installation of fire alarms, smoke detectors, emergency lights, fire doors and other related items for the seven health facilities owned or operated by the Madison County 708 Board.

\$2,000 to the Leadership Council of Southwestern Illinois to assist in expanding and implementing area economic development programs.

The development recommendations must be approved by the County Board before being implemented.

BACK FROM VEGAS. The Collinsville Chapter of Sweet Adelines, Inc., 1980 and 1983 regional champion, has completed a trip to Las Vegas, Nev., where it competed at the international level. The Collinsville chorus ranks in the top three

percent of the 760 chapters around the world. Women wishing to sing with the group are invited to a guest night at 7:30 p.m. Tuesday, Jan. 29, in the Son-life Fellowship Hall, 1203 Vandalla Ave., Collinsville. Further information is available at 931-1409.

47th benefit ball Saturday

The Venice Crippled Children's Organization will present its 47th annual Crippled Children's Ball at 9 p.m. Saturday, Jan. 26, at the Venice-Madison American Legion Hall, 740 Broadway, Venice.

The event is sponsored each January by the Venice community service group and is open to the public. Joey James Orchestra will provide music for dancing.

Proceeds from the ball help to support work at the Shriner's Hospital for Crippled Children and similar institutions concerned with the welfare of children and young people.

Last year, a total of \$9,000 was collected and distributed by the Venice volunteer group.

Others benefiting from the ball include Shriners' Burns Center, St. Louis Children's Hospital, March of Dimes Foundation, the Salk Institute and the Organization for the Advancement of the Handicapped (OATH).

Tickets to the ball, costing \$2 each, may be obtained at the door the night of the dance or secured in advance from George Mangiaracino or Jack Tolliver, ticket co-chairmen, or other members of the Venice organization.

Current officers of the Venice group are: Tom Fields, president and general chairman of the ball; Milton Morris, vice president; Roseann Koecker, secretary; and Valeta Bauder, treasurer.

To assist in the fund-raising project, contributions also are being sought through canisters now displayed in many Venice business firms. Harold Kneiser, Joe is in charge of the canister distribution.

Dance music will be played from 9 p.m. until 1 a.m. Jan. 28 by the Joey James Orchestra, which has performed at the Hyatt-Regency O'Hare Hotel and the Sheraton O'Hare Hotel in Chicago.

The band also appeared with entertainer Art Linkletter at the

Top Forbes ranking for Madison County firm

Jefferson Smurfit Corp., a packaging manufacturer with estimated 1984 sales of \$700,000,000, has been ranked first among 1,000 top corporations nationally in earnings per share in 1984 and on average over the last five years. The ranking was by Forbes magazine in its 37th annual report on American industry.

Jefferson Smurfit sites include Madison County. In the packaging field, it placed first in three categories: return on equity, sales and earnings per share. Having made its first public offering in 1983, the company is appearing in Forbes' annual "yardstick" issue for the first time.

Management of Jefferson Smurfit attributes achievement of the top ranking to a commitment to cost-efficient production, sales performance and delivery of quality products by the more than 6,000 people at all levels in the company. Major investments have been made in modern equipment and in expansion of facilities and there is an aggressive acquisition program.

More than 70 plants and mills produce containerboard and box board, and manufacture folding cartons, corrugated shipping containers, paper tubes, solid fiber partitions, reels, furniture forms, and film and roll flexible packaging. The firm provides graphic art services, performs contract packaging, and is a major collector of recyclable materials.

VIDEO RECORDER, TV AND PISTOL MISSING

Among the loot taken in a burglary reported this week at the apartment of Dale Stogdill, 2441 Edison Ave., were a video recorder valued at \$1,100 and a 19-inch color television worth \$400.

Also missing from the residence were a .22-caliber automatic pistol and clip in a tan holster, a jewelry box containing numerous jewelry items, including a watch, pairs of cufflinks and a ring, and several boxes of ammunition. An inventory was being compiled to determine the extent of the burglary.

Sheraton Oakbrook Hotel, near Chicago.

In addition to numerous public engagements in the St. Louis area, the band also performs at private functions, including conventions, country clubs and the Missouri Athletic Club in St. Louis.

Orchestra leader Joey James is an accomplished musician on the accordion, cordovox and piano and also provides vocals. Performing with him are:

— Former Venice resident Gordon "Piccolo Pete" Routh, who plays saxophone and clarinet, as well as sings, and was formerly with the Joe Ladd and Walter Schlemmer or-

chestras.

— Ron Mitchell, whose background includes appearances with the Ron Mitchell Trio, Sal Denron Big Band and Ron Mitchell Orchestra, performs on the trumpet and sings.

— George Koprivica plays string bass and electric bass and previously with the Joe Bozzi and Johnny Polin orchestras, and Wayne Kopchak performs on drums.

In announcing plans for this year's ball, Fields invited all Quad-City area residents to attend and support the organization's philanthropic endeavors which benefit many youngsters.

Horse feeding seminar Feb. 5

By RONALD E. CORNWELL
Extension Advisor

A Horse Feeding and Management Seminar will be held Tuesday, Feb. 5, at 7:30 p.m. in the Farm Bureau Auditorium in Edwardsville.

The program will cover developing and balancing the ration for your horse. This will include knowing the protein, energy, mineral and vitamin needs of the horse. The speaker will discuss quality and sources of feed stuff. Suggested ration for the horse will be presented.

The speaker for the program will be Kevin Kline, University of Illinois horse specialist. The program is free of charge to all horseowners in the county.

For additional information on the horse program, contact Ron Cornwell at 1-618-2400.

RABBIT MANAGEMENT

A program on rabbit management will be presented Monday, Jan. 28 at 7:30 p.m. at the Belleville Area College. The educational program will cover all phases of rabbit management.

The speaker will be Dr. Damon Shelton from Ralston Purina Company in St. Louis. The program is sponsored by the University of Illinois Cooperative Extension Service.

Owners of unclaimed funds sought

State Senator Sam M. Vadala (D-Edwardsville) and State Representative Sam Wolf (D-Granite City) are trying to locate constituents who may have funds which they have forgotten. He is working with the Illinois Department of Financial Institutions in an effort to find owners of unclaimed assets. Those persons being sought include 12 Granite City residents.

"Many area residents have at least \$100 of assets waiting to be claimed," Vadala said. "These unclaimed assets generally consist of checking or savings accounts, dividends, unclaimed payroll checks, and safe deposit box contents, although they could consist of nearly any unclaimed financial asset."

After assets have been abandoned or inactive for seven years, the holder of that property must attempt to locate the owner. If the effort fails, the assets are turned over to the state. The state then holds the assets indefinitely until they are claimed by the owner or heirs of the estate.

"We are attempting to rejoin the owner with his or her lost assets before the state takes custody," Vadala commented. Persons finding their names on the following list should write to the Department of Financial Institutions, 421 East Capitol, Room 205, Springfield, Ill., 62766, and include their name, address and county of residence. That department will then put the person in touch with the holder of the property, Wolf said.

Granite City residents who have unclaimed assets are Carolyn Barker, 3241 Newell Drive; R.H. Clark, 2080 Edwardsville Road; Maribeth Drake, Holiday Park; B.O. Edwards, 4065 Buene Ave.; R.N. Gushlett, 3408 Lydia Lane;

VEGETABLE SCHOOL

The Southwestern Illinois Vegetable Growers School will be held Jan. 30 and 31 at the Holiday Inn in Collinsville. The program will start at 9 a.m. on Jan. 30.

Topics to be covered on the first day include weed control, sweet corn research, sugar content of sweet corn, new sweet corn varieties, potentials for sub-irrigation and traveler systems, controlling birds in fields and brush, pyrethroid insecticides and what's new in direct marketing.

The second day will be an update on what is new in horseradish production.

For additional information on the Vegetable Growers School, contact the Extension office.

HORTICULTURAL FACTS

We have available at the Extension office a large number of fact sheets on a variety of horticultural topics.

The fact sheets cover information on such areas as beekeeping, flowers, fruit crops, landscaping, nursing crops, turfgrass and vegetable crops.

To find out more about the fact sheets, request a free listing of fact sheets available from the Extension office.

Owners of unclaimed funds sought

Savilla Metzger, 2223 State St.; Nameoki Township Property Owners, 4109 South Drive; Harold L. Stoltz, Box 669; Melvin F. Tretter and Shirley Tretter, 2557 Madison Ave.; R.L. Utke, 3008 Madison Ave., and W.J. Ward, 2821 Myrtle Ave.

EDGE OF TOWN - Get that country feeling in this seven room, tri-level brick and frame home on a huge 90'x200' lot. Carpeted throughout, garage and nice patio. L-46.

GLENNVIEW AREA - Look over this sharp 3-bedroom home in a great neighborhood. Nice large rooms, carpeting and a big pie-shaped lot. Ask for R-5.

CORNER LOT - Let the rent from the apartment over the garage pay for your utilities in this immaculate 5-room frame wrapped in aluminum siding. Basement, built-in oven and range plus a fireplace. B-11.

LOAN ASSUMPTION - With a small initial investment you could own this 2-bedroom frame with a basement, fenced yard, and a large 24x24 garage. Kitchen appliances stay. B-9.

SOLID BRICK - And plenty of room to roam in this 5-room home complete with two full baths, carpeting throughout and a family room. The basement would be a great "rainy day" play area for the kids. B-8.

SAFE FOR THE KIDS - Cozy 4-room bungalow featuring a huge completely fenced yard. Just remodeled with new kitchen cabinets, linoleum and carpeting. Priced in the early \$20's. B-4.

IMAGINE THIS - Three large bedrooms, two full baths, enclosed porch and an extra large lot. All of this could be yours at an affordable \$25,000. Really nice. B-5.

IMMEDIATE OCCUPANCY - Assume the loan on this 5-room aluminum sided ranch in the Blariclar area. Fenced yard, central air and a lot more. Some cleaning and minor repairs could make this a real showplace. B-13.
